The Art of Urban Sketching | BLICK Art Materials

Urban sketching is a tree with its middle chopped away to accommodate Seattle's ubiquitous power lines. It's about a couple of women chatting over coffee, or about workers roofing the house next door. It's about an excavator filling a hole where a cherry tree once stood. Or the Tibetan monastery I drive by frequently that I couldn't resist because it's bright orange. Urban sketching is a string band performing at a local farmers' market - or perhaps in Villefranche-sur-Mer.

Urban Sketchers

Smash that negativity. Make your sketches more effective, and make sketching work for you! Join us for Zen & the Art of Urban Sketching, a class offered at our Fort Mason store! Learn to express yourself through color while painting on location with the in-depth tips and techniques of Working with Color, the fifth volume in the Urban Sketching Handbook series. Expert watercolorist, illustrator, instructor, and co-founder of Urban Sketchers Montreal Shari Blaukopf shares her essential color tips about color-water ratio, achieving bold color, avoiding muddy washes, painting in layers, and using wet-in-wet techniques. This essential handbook covers: supplies and materials sample color palettes color mixing using limited palettes monochrome sketches the power of complementary colors using evocative, expressive color With a focus on using watercolor with greater confidence and knowledge, the book also delves into pencil and ink and watersoluble pencils. The instructional text is enhanced with stunning watercolor illustrations by the author and other expert urban sketchers from beautiful locations around the globe. The illustrations include examples of color swatches showing value; mixing; illustrations of complementary, analogous, and neutral color schemes; and sample galleries. Working with Color is an indispensable guide for on-location artists looking to expand and strengthen their expressive use of color.

Award-winning illustrator Gabriel Campanario first introduced his approach to drawing in The Art of Urban Sketching, a showcase of more than 500 sketches and drawing tips shared by more than 100 urban sketchers around the world. Now, he drills down into specific challenges of making sketches on location, rain or shine, quickly or slowly, and the most suitable techniques for every situation, in The Urban Sketching Handbook series. It's easy to overlook that ample variety of characters that walk the streets everyday. From neighbors, dog walkers and shoppers to dancers and joggers, the people that move through the cities and towns are fascinating subjects to study and sketch. In The Urban Sketching Handbook: People and Motion Gabriel lays out keys to help make the experience of drawing humans and movements fun and rewarding. Using composition, depth, scale, contrast, line and creativity, sketching out citizens and the way they move has never been more inspirational and entertaining. This guide will help you to develop your own creative approach, no matter what your skill level may be today. As much as The Urban Sketching Handbook: People and Motion may inspire you to draw more individuals, it can also help to increase your appreciation of the folks around you. Drawing our postal workers, shopkeepers and neighbors, is a great way to show your appreciation and creativity.

Get great techniques, tips, and ideas from the Urban Sketching Handbook series in one place! With this thorough guide, discover how to sketch architecture and cityscapes, plus people and motion; learn drawing perspective; and see how easy it is to add color to artwork.

A good sketch starts with good bones. The fourth book in the Urban Sketching Handbook series uses drawings and simple steps to explain the often challenging and overwhelming concepts of perspective in practical and useful ways for on-site sketching. Most books are either too abstract or don't provide enough information that relates to what you actually do when you're out in the busy, wide world about to start a drawing. Where do you start? How do you edit what you see to flatten and shrink it onto your paper? How does perspective work? The Urban Sketching Handbook: Understanding Perspective helps you learn to think like an architect, to draw buildings and spaces by reducing what you see to simple, basic shapes, then adding layers in simple steps, and finally finishing your sketch with detail, tone, and color--in accurate perspective. Full of helpful tips, architect and illustrator, Stephanie Bower even deconstructs sketches to show you how to create them! Once you understand perspective, it will change the way you see the world--you'll see perspective everywhere. Some of the key concepts explored in this volume are: - Basic Terms - Basic Spatial Principles - Types of Perspective - Building a Sketch in Layers - Special Conditions
