The Essential Confucius: Cleary, Thomas: Amazon.sg: Books

Following the success of the book on the Tao, Cleary turned to another pillar of ancient Chinese thought, and developed this further volume in the 'Essentials' series, The Essential Confucius, the heart of Confucius' teachings in authentic I Ching order. Confucius is a confusing character to classify.

A deluxe paperback edition: Thomas Cleary's brilliant translation of the sayings of Confucius presented in the order of the 64 classic I Ching hexagrams.

Presents Confucius' sayings, in I ching order, on topics such as morality, behavior, business, diplomacy and spirituality.

Confucius was the only philosopher whose ideas were taken on as a full state religion. Born into an aristocratic family, he rose to become a minister in the state of Lu in China. After falling out with the ruler he became a wandering sage, trying to replace empty religious observances by teaching moral values as the basis of social and political order. These witty and informative guides cover the lives and ideas of the major philosophers. Award-winning author Paul Strathern's concise and easily comprehensible style highlights the major advances in philosophy, as well as the men who conceived them and the times in which they lived. Packed with striking quotes, insights and anecdotes, the aim of the Virgin Philosophers Series is to clarify the mysteries of philosophy for the general reader.

Thomas Cleary's new translation of two Chinese classics describing the essential philosophy and practice of Tao, written long ago as maps of the Way: 'Tao Te Ching' and 'Chuang-tzu'. Cleary's presentation restores the power and mind-opening distinctive

Acces PDF The Essential Confucius

The Essential Analects offers a representative selection from Edward Slingerland's acclaimed translation of the full work, including passages covering all major themes. An appendix of selected traditional commentaries keyed to each passage provides access to the text and to its reception and interpretation. Also included are a glossary of terms and short biographies of the disciples of Confucius and the traditional commentators cited.

The teachings of Confucius are arranged in accordance with the 64 hexagrams of the I Ching. Each of the 64 sections presents the reading from his I Ching commentary and, on the opposite page, selections from his analects.

In this engaging volume, Daniel Gardner explains the way in which the Four Books--Great Learning, Analects, Mencius, and Maintaining Perfect Balance--have been read and understood by the Chinese since the twelfth century. Selected passages in translation are accompanied by Gardner's comments, which incorporate selections from the commentary and interpretation of the renowned Neo-Confucian thinker, Zhu Xi (1130-1200). This study provides an ideal introduction to the basic texts in the Confucian tradition from the twelfth through the twentieth centuries. It guides the reader through Zhu Xi's influential interpretation of the Four Books, showing how Zhu, through the genre of commentary, gave new coherence and meaning to these foundational texts. Since the Four Books with Zhu Xi's commentary served as the basic textbook for Chinese schooling and the civil service examinations for more than seven hundred years, this book illustrates as well the nature of the standard Chinese educational curriculum.

This edition goes beyond others that largely leave readers to their own devices in understanding this cryptic work, by providing an

entr é e into the text that parallels the traditional Chinese way of approaching it: alongside Slingerland's exquisite rendering of the work are his translations of a selection of classic Chinese commentaries that shed light on difficult passages, provide historical and cultural context, and invite the reader to ponder a range of interpretations. The ideal student edition, this volume also includes a general introduction, notes, multiple appendices--including a glossary of technical terms, references to modern Western scholarship that point the way for further study, and an annotated bibliography.

THOMAS CLEARY is the pre-eminent translator of Buddhist and Taoist texts, including 'The Essential Tao', 'The Essential Confucius', 'The Secret of the Golden Flower', and the best-selling 'The Art of War'. "For Muslims the whole of the Qur'an is

This comprehensive introduction explores the life and teachings of Confucius, and development of Confucian thought, from ancient times to the present today. Demonstrates the wisdom and enduring relevance of Confucius ' s teachings – drawing parallels between our 21st century society and that of China 2,500 years ago, where government corruption, along with social, economic, and technical changes, led thinkers to examine human nature and society Draws on the latest research and incorporates interpretations of Confucius and his works by Chinese and Western scholars throughout the centuries Explores how Confucius's followers expanded and reinterpreted his ideas after his death, and how this process has continued throughout Chinese history Seamlessly links Confucius with our modern age, revealing how his teachings have become the basis of East Asian culture and influenced the West
