"Verily this is the word of the Lord, that the city New Jerusalem shall be built by the gathering of the saints . . . ? (D&C 84:4)In the near future, Tad and Emma North and their children live in a United States that is growing increasingly wicked. The Norths and their extended family notice that many Latter-day Saints are being deceived by alluring temptations, and they wonder how much longer the Lord will allow American society to continue its downward spiral. Then comes an invitation from Church leaders for the Saints to gather together. This invitation isn't well-accepted and even openly mocked, but those faithful Church members who trust in the Lord soon find themselves accomplishing monumental tasks. Join these humble yet heroic Saints as they embark on an unprecedented journey to build New Jerusalem. The Great Gathering, the first novel in the Standing in Holy Places series, paints a vivid picture of exciting prophesied events that still must occur before the Second Coming. If you have an interest in what awaits the members of the LDS Church, this series should definitely be on your reading list!

New Jerusalem in Independence, Missouri, has become a rapidly growing city as Saints from around the world come to Zion to witness the dedication of the New Jerusalem Temple and the discovery and return of the Ten Lost Tribes. But the Coalition forces have regrouped and are planning another attack that will affect the entire world even as the Saints attempt to regain Salt Lake City from the evil leader Sherem.

A powerful depiction of racial tensions arising over the death of a Cajun farmer at the hands of a black man—set on a Louisiana sugarcane plantation in the 1970s. The Village Voice called A Gathering of Old Men " the best-written novel on Southern race relations in over a decade. "

After a long winter, the Coalition leaders have gathered in Denver to complete their invasion of the United States and establish a new society. However, the Coalition leaders are unaware that the Elders of Israel are fully prepared to defend their lands and liberty. As the snow melts, these righteous soldiers begin their journey to Denver to battle the Coalition forces. The fate of the nation hangs in the balance. Meanwhile, thousands of citizens have fled the West Coast and are making their way inland. Members of the Foster and Shaw families help these people find hope by guiding them to Places of Refuge that will someday become Cities of Light. As the Times of Turmoil come to a close, hearts are softened and the veil is thin as the Saints prepare to fully establish Zion. Reclaiming Liberty, the fourth and concluding volume in the Times of Turmoil series, gives readers an exciting close-up look at the prophesied events that must occur before the Savior's Second Coming. Chad Daybe

An Unusual Connection to the Spirit World When Chad Daybell was 17 years old, he had a near-death experience while cliff jumping. He crossed into another dimension and realized there was a world beyond this one. A second near-death experience in his early 20s was much more in depth. He was hit by a monstrous wave at La Jolla Cove in California. While his body was being tossed by the wave, his spirit was visiting with his grandfather, who showed him future events involving his still-unborn children. This accident caused his veil that separates mortal life from the Spirit World to stay partially open, so he often feels as if he has a foot in both worlds. Chad has since become a noted author and publisher, and he's particularly well-known for his futuristic LDS novels that are based on what he has been shown. He has also helped several people publish books about their own near-death experiences. As you read his experiences, you ll realize that we re all part of an eternal family. We e

On the heels of the wildly popular "The Darkest Powers" series comes the first in another supernatural YA trilogy from New York Times bestselling author Kelley Armstrong. Maya lives in a small medical-research town on Vancouver Island. How small? You can't find it on the map. It has less than two-hundred people, and her school has only sixty-eight students — for every grade from kindergarten to twelve. Now, strange things are happening in this claustrophobic town, and Maya's determined to get to the bottom of them. First, the captain of the swim team drowns mysteriously in the middle of a calm lake. A year later, mountain lions start appearing around Maya's home, and they won't go away. Her best friend, Daniel, starts getting negative vibes from certain people and things. It doesn't help that the new bad boy in town, Rafe, has a dangerous secret — and he's interested in one special part of Maya's anatomy: Her paw-print birthmark.

As New Jerusalem becomes established and the Second Coming seems imminent, several crucial events remain to be completed—in Jerusalem and on the American continent—before the Millennium is ushered in. However, the seven plagues prophesied in the Book of Revelation have begun, signaling the beginning of a showdown between good and evil.

Lois Lowry once again creates a mysterious but plausible future world. It is a society ruled by savagery and deceit that shuns and discards the weak. Left orphaned and physically flawed, young Kira faces a frightening, uncertain future. Blessed with an almost magical talent that keeps her alive, she struggles with ever broadening responsibilities in her quest for truth, discovering things that will change her life forever. As she did in THE GIVER, Lowry challenges readers to imagine what our world could become, how people could evolve, and what could be considered valuable. Every reader will be taken by Kira ' s plight and will long ponder her haunting world and the hope for the future.

A crowd of siblings gathers in Dublin for the wake of their wayward brother in this " stunning " novel by the award-winning author of Actress (The Washington Post). The surviving children of the Hegarty clan are gathering for the wake of their wayward, alcoholic brother, Liam, drowned in the sea after filling his pockets with stones. He is the third of the twelve Hegarty siblings to die. His sister, Veronica, collects the body and keeps the dead man company, guarding the secret she shares with him—something that happened in their grandmother ' s house in the winter of 1968. As prize-winning author Anne Enright traces the line of betrayal and redemption through three generations, her distinctive intelligence twists the world a fraction and gives it back to us in a new and unforgettable light. The Gathering is an " wonderfully elegant and unsparing " epic of an Irish family (Los Angeles Times)—a novel about love and disappointment, how memories warp and secrets fester, and how fate is written in the body, not in the stars. " Entrancing...a haunting look at a broken family stifled by generations of hurt and disappointment, struggling to make peace with the irreparable. " —Entertainment Weekly " A melancholic love and rage bubbles just beneath the surface of this Dublin clan, and Enright explores it unflinchingly. " —Publishers Weekly " Her sympathy for her characters is as tender and subtle as Alice McDermott ' s; her vision of Ireland is as brave and original as Edna O ' Brien ' s. The Gathering is her best book. " —Colm Toibin " Hypnotic. " —Booklist (starred review)

The study of planetary or solar magnetic fields explains natural magnetism as a phenomenon of magnetohydrodynamics. The kinematic dynamo theory, especially the fast dynamo treated in this volume, is somewhat simpler but still it presents formidable analytical problems related to chaotic dynamics, for example. This remarkable book presents the status of the theory, including techniques of numerical simulations and modelling, along with a summary of results to date. The first three chapters introduce the problem and present examples of fast dynamo action in flows and maps. The remaining nine chapters deal with various analytical approaches and model systems. The book addresses astronomers and geophysicists, researchers and students alike.
