An instant classic and eerily prescient cultural phenomenon, from “the patron saint of feminist dystopian fiction” (New York Times). Now an award-winning Hulu series starring Elizabeth Moss. In this multi-award-winning, bestselling novel, Margaret Atwood has created a stunning Orwellian vision of the near future. This is the story of Offred, one of the unfortunate “Handmaids” under the new social order who have only one purpose: to breed. In Gilead, where women are prohibited from holding jobs, reading, and forming friendships, Offred’s persistent memories of life in the “time before” and her will to survive are acts of rebellion. Provocative, startling, prophetic, and with Margaret Atwood’s devastating irony, wit, and acute perceptive powers in full force, The Handmaid’s Tale is at once a mordant satire and a dire warning.

In this multi-award-winning, bestselling novel, Margaret Atwood has created a stunning Orwellian vision of the near future. This is the story of Offred, one of the unfortunate "Handmaids" under the new social order who have only one purpose: to breed. In Gilead, where women are prohibited from holding jobs, reading, and forming friendships, Offred's persistent memories of life in the "time before" and her will to survive are acts of rebellion. Provocative, startling, prophetic, and with Margaret Atwood's devastating irony, wit, and acute perceptive powers in full force, "The Handmaid's Tale" is at once a mordant satire and a dire warning. "From the Hardcover edition."

A chilling look at the near future presents the story of Offred, a Handmaid in the Republic of Gilead, once the United States, an oppressive world where women are no longer allowed to read and are valued only as long as they are viable for reproduction. 25,000 first printing.

NEW YORK TIMES BESTSELLER • WINNER OF THE BOOKER PRIZE • A modern masterpiece that "reminds us of the power of truth in the face of evil" (People)—and can be read on its own or as a sequel to Margaret Atwood’s classic, The Handmaid’s Tale. “Atwood’s powers are on full display” (Los Angeles Times) in this deeply compelling Booker Prize-winning novel, now updated with additional content that explores the historical sources, ideas, and material that inspired Atwood. More than fifteen years after the events of The Handmaid’s Tale, the theocratic regime of the Republic of Gilead maintains its grip on power, but there are signs it is beginning to rot from within. At this crucial moment, the lives of three radically different women converge, with potentially explosive results. Two have grown up as part of the first generation to come of age in the new order. The testimonies of these two young women are joined by a third: Aunt Lydia. Her complex past and uncertain future unfold in surprising and pivotal ways. With The Testaments, Margaret Atwood opens up the innermost workings of Gilead, as each woman is forced to come to terms with who she is, and how far she will go for what she believes.

In this seminal work of speculative fiction, the Booker Prize-winning author asks: In the world of the near future, who will control women's bodies? Soon to be a 10-episode TV series produced by MGM Television, starring Elizabeth Moss (Madmen), Samira Wiley (Orange Is the New Black), Joseph Fiennes, and Max Minghella Offred is a Handmaid in the Republic of Gilead. She may leave the home of the Commander and his wife once a day to walk to food markets whose signs are now pictures instead of words because women are no longer allowed to read. She must lie on her back once a month and pray that the Commander makes her pregnant, because in an age of declining births, Offred and the other Handmaids are valued only if their ovaries are viable. Offred can remember the days before, when she lived and made love with her husband Luke; when she played with and protected her daughter; when she had a job, money of her own, and access to knowledge. But all of that is gone now.... Funny, unexpected, horrifying, and altogether convincing, The Handmaid's Tale is at once scathing satire, dire warning, and literary tour de force.

An instant classic and eerily prescient cultural phenomenon, from “the patron saint of feminist dystopian fiction” (New York Times). Now an award-winning Hulu series starring Elizabeth Moss. In this multi-award-winning, bestselling novel, Margaret Atwood has created a stunning Orwellian vision of the near future. This is the story of Offred, one of the unfortunate “Handmaids” under the new social order who have only one purpose: to breed. In Gilead, where women are prohibited from holding jobs, reading, and forming friendships, Offred’s persistent memories of life in the “time before” and her will to survive are acts of rebellion. Provocative, startling, prophetic, and with Margaret Atwood’s devastating irony, wit, and acute perceptive powers in full force, The Handmaid’s Tale is at once a mordant satire and a dire warning.

This beautiful edition of Margaret Atwood's seminal work of speculative fiction features a leatherette cover, gilt edging, and ribbon marker—a perfect gift for book lovers and fans of the Hulu series. The Handmaid's Tale is a novel of such power that the reader will be unable to forget its images and its forecast. Set in the near future, it describes life in what was once the United States and is now called the Republic of Gilead, a monotheocracy that has reacted to social unrest and a sharply declining birthrate by reverting to, and going beyond, the repressive intolerance of the original Puritans. The regime takes the Book of Genesis absolutely at its word, with bizarre consequences for the women and men in its population. The story is told through the eyes of Offred, one of the unfortunate Handmaids under the new social order. In condensed but eloquent prose, by turns cool-eyed, tender, despairing, passionate, and wry, she reveals to us the dark corners behind the establishment's calm facade, as certain tendencies now in existence are carried to their logical conclusions. The Handmaid's Tale is funny, unexpected, horrifying, and altogether convincing. It is at once scathing satire, dire warning, and a tour de force. It is Margaret Atwood at her best.

The stunning graphic novel adaptation • A must-read and collector's item for fans of “the patron saint of feminist dystopian fiction” (New York Times). Look for The Testaments, the sequel to The Handmaid’s Tale, available now. In Margaret Atwood’s dystopian future, environmental disasters and declining birthrates have led to a Second American Civil War. The result is the rise of the Republic of Gilead, a totalitarian regime that enforces rigid social roles and enslaves the few remaining fertile women. Offred is one of these, a Handmaid bound to produce children for one of Gilead’s commanders. Deprived of her husband, her child, her freedom, and even her own name, Offred clings to her memories and her will to survive. Provocative, startling, prophetic, The Handmaid’s Tale has long been a global phenomenon. With this beautiful graphic novel adaptation of Margaret Atwood’s modern classic, beautifully realized by artist Renée Nault, the terrifying reality of Gilead has been brought to vivid life like never before.

The Handmaid's Tale (1985), by Canadian writer Margaret Atwood, revisits the Anglo-American utopian/dystopian tradition. Appealing to imaginative fiction and the novel of ideas, the construction of perfect – or nightmarish – worlds rouses the reader's socio-political awareness of the present and invites questions on the shape of the near future. The Handmaid's Tale deconstructs the utopian narrative by breaking the chronological order of the female protagonist's experience into a time-shifting testimony, a quest for meaning and an exploration of self versus the other. The intricate play on word and symbol can be read against the historical background of seventeenth-century New England Puritanism, as well as the twentieth-century New Right and women's rights movements, while inviting reference to the postmodernist outlook. This volume includes a bibliography, a study of the book's context, as well as essays and commentaries ; the approach has been adapted to the needs of Capes and Agregation students.

#1 NEW YORK TIMES BESTSELLER WINNER OF THE BOOKER PRIZE The Testaments is a modern masterpiece, a powerful novel that can be read on its own or as a companion to Margaret Atwood's classic, The Handmaid's Tale. More than fifteen years after the events of The Handmaid's Tale, the theocratic regime of the Republic of Gilead maintains its grip on power, but there are signs it is beginning to rot from within. At this crucial moment, the lives of three radically different women converge, with potentially explosive results. Two have grown up as part of the first generation to come of age in the new order.
