Inside Job is a 2010 American documentary film, directed by Charles Ferguson, about the late-2000s financial crisis. Ferguson, who began researching in 2008, says the film is about "the systemic corruption of the United States by the financial services industry and the consequences of that systemic corruption". In five parts, the film explores how changes in the policy environment and banking practices helped create the financial crisis. Inside Job was acclaimed by film critics, who praised its

Effective leaders work very hard to succeed, but often at the cost of their own souls. They are challenged to keep themselves emotionally and spiritually healthy in order to survive success—to keep their humanity intact. This is the work within the work. Stephen W. Smith helps leaders in the marketplace and in ministry set aside the life-draining values of power, fame, fortune and position and instead explore the life-giving qualities of building character. In this book you will learn to: Recognize and determine the inner and outer markers of success Explore eight compelling virtues that every leader must possess Use the principle of rhythm rather than chase the myth of balance Recognize the limits of your own leadership Discover how to thrive, not just survive There is a better way to live than the craziness we experience in our driven world. Inside Job is your invitation to journey inside and do the work within your work.

New York Times Bestseller: A history of the S&L scandal that caused a financial disaster for American taxpayers: "Hard to put down" (Library Journal). For most of the 20th century, savings and loans were an invaluable thread of the American economy. But in the 1970s, Congress passed sweeping financial deregulation at the insistence of industry insiders that allowed these once quaint and useful institutions to spread their taxpayer-insured assets into new and risky investments. The looser regulations and reduced federal oversight also opened the industry to an army of shady characters, white-collar criminals, and organized crime groups. Less than 10 years later, half the nation's savings and loans were insolvent, leaving the American taxpayer on the hook for a large hunk of the nearly half a trillion dollars that had gone missing. The authors of Inside Job saw signs of danger long before the scandal hit nationwide. Decades after the savings and loan collapse, Inside Job remains a thrilling read and a sobering reminder that our financial institutions are more fragile than they appear.

Hale, who turned double-agent against the corrupt spy organization he was raised in, knows his super-spy parents can't come home until the Sub Rosa Society is neutralized--and that he and his friends are all that's standing between SRS and their worldwide crimes. So Hale wants to hit the bad guys where it hurts: their bank account. Hale and his allies all travel to Switzerland and discover that this won't be a smash-and-grab job like they expected. SRS doesn't have any actual money that can be taken--it's all hidden in secret digital accounts. Oh, and some super heavy gold bars. To take them down, Hale's crew will have to undo SRS's crimes and get to the inside man at the bank, all while artfully evading SRS's notice. There's plenty of action, a big fluffy show dog, a nefarious clown, and, as readers expect from this series, all kinds of comedic, high-stakes adventure.

National decline is typically blamed on special interests from the demand side of politics corrupting a country's institutions. The usual demand-side suspects include crony capitalists, consumer activists, economic elites, and labor unions. Less attention is given to government insiders on the supply side of politics - rulers, elected officials, bureaucrats, and public employees. In autocracies and democracies, government insiders have the motive, means, and opportunity to co-opt political power for their benefit and at the expense of national well-being. Many storied empires have succumbed to such inside jobs. Today, they imperil countries as different as China and the United States. Democracy - government by the people - does not ensure government for the people. Understanding how government insiders use their power to subvert the public interest - and how these negative consequences can be mitigated - is the topic of this book by Mark A. Zupan.

Based on explosive interviews, court documents and corporate archives, Inside Job traces in gripping detail how decades of deregulation gave birth to a predator nation, with power players cycling through positions in government, academia and Wall Street - and continuing to do so even in the wake of the global financial crisis. With stunning clarity, Charles Ferguson delivers an uncompromising accounting of how a new economic oligarchy has wrested control of our politics and the prospects for real recovery.

From national bestselling author and humanitarian Zainab Salbi, a powerful look at what happens when we heal our shadows and align with our core values. "May this book help create bridges to a much bigger and kinder world." –Gloria Steinem, author of My Life on the Road and Revolution from Within "If you want to know what true self-power is, then read this book. It will open your inner eye to the beauty of your own being." –Deepak Chopra, MD, author of The Healing Self and The Seven Spiritual Laws of Success How can we transform our collective fear and the deep divisions between us into meaningful change? In Freedom Is an Inside Job, bestselling author, humanitarian, and TV personality Zainab Salbi shares that to transform our outer world, we must turn towards our inner world. After years of working as a successful CEO and change-maker, Salbi realized that if she wanted to confront and heal the shadows of the world, she needed to face her own shadows first. Holding nothing back, Salbi shares pivotal moments from her personal life alongside poignant and fascinating stories from her encounters around the world. Through her stories, we learn that if we want to create real change, we need to heal the inconsistencies within our own values, actions, and goals. As Salbi explores her own riveting journey to wholeness, readers learn how embarking on such a journey enables each of us to create the world we want to live in. "So long as we are conflicted within, we will continue to have conflict without," writes Salbi. "If we want to change the world, we need to begin with ourselves. This is the path to freedom."

Secret Service Agent Mike Byrne is too late ... Too late to save the one man who knew the truth - the star witness who was about to blow the whistle on the biggest banking scandal in history. Too late to stop an innocent man from dying, and so plunging the world of high finance into a death spiral of violence and murder. Because payback for bankers who gambled with other people's money is being handed out in bullets and bombs. And now the only person who can keep the bankers alive is Agent Byrne, who finds himself having to protect the very people he swore to take down. Before long Byrne is locked into a deadly fight with an unseen enemy - an enemy that will stop at nothing to get what they want.

This three-step plan using basic metaphysical principles can help you prepare for your true career. Discover what kind of work is right for you, and identify career possibilities. Learn ways to use your waiting time creatively to solve present job conflicts, overcome doubts, and get through financial difficulties and other obstacles that seem to push the realization of your dreams farther away.
