Little House on the Prairie (later known as Little House: A New Beginning in its final season) is an American Western historical drama series, starring Michael Landon, Melissa Gilbert, Karen Grassle, and Melissa Sue Anderson, about a family living on a farm in Plum Creek near Walnut Grove, Minnesota, in the 1870s, '80s, and '90s.

## **Little House on the Prairie (TV series) - Wikipedia**

A long-running drama based upon the "Little House" series of books by Laura Ingalls Wilder, "Little House on the Prairie" follows the lives of the simple, farming Ingalls family: Charles, Caroline, Mary, Laura, Carrie and then Grace and the later adopted Albert, James and Cassandra, who settle into a quaint little house on the banks of Plum Creek near the small town of Walnut Grove during the late 1800s.

A country house is unhappy when the city, with all its buildings and traffic, grows up around her.

color on a full-color device and in rich black-and-white on all other devices. The adventures continue for Laura Ingalls and her family as they leave their little house in the Big Woods of Wisconsin and set out for the big skies of the Kansas Territory. They travel for many days in their covered wagon until they find the best spot to build their house. Soon they are planting and plowing, hunting wild ducks and turkeys, and gathering grass for their cows. Just when they begin to feel settled, they are caught in the middle of a dangerous conflict. The nine Little House books are inspired by Laura's own childhood and have been cherished by generations of readers as both a unique glimpse into America's frontier history and as heartwarming, unforgettable stories.

The story of a house through the changing seasons.

Laura spends her fifteenth summer working hard to help send Mary to a college for the blind.

The Little House is set in the early years of the Showa era (1926-89), when Japan's situation is becoming increasingly tense but has not yet fully immersed in a wartime footing. On the outskirts of Tokyo, near a station on a private train line, stands a modest European style house with a red, triangular shaped roof. There a woman named Taki has worked as a maidservant in the house and lived with its owners, the Hirai family. Now, near the end of her life, Taki is writing down in a notebook her nostalgic memories of the time spent living in the house. Her journal captures the refined middle-class life of the time from her gentle perspective. At the end of the novel, however, a startling final chapter is added. The chapter brings to light, after Taki's death, a fact not described in her notebook. This suddenly transforms the world that had been viewed through the lens of a nostalgic memoir, so that a dramatic, flesh-and-blood story takes shape. Nakajima manages to combine skillful dialogue with a dazzling ending. The result is a polished,

masterful work fully deserving of the Naoki Prize.

Little Mouse and Big Bear live on opposite ends of the same road, and they both would like a friend. But every morning, Little Mouse and Big Bear pass by each other, unnoticed. Until one day, their eyes meet! It's a little awkward at first—as most new friendships can be—but soon enough they're sipping warm tea together in Big Bear's cozy home, and making plans to meet again the following Sunday. When a nasty storm blows into town will it wreck everything they've built? This tale of friendship and bravery will warm your heart like a cookie and a warm drink shared with a friend.

Beyond their status as classic children's stories, Laura Ingalls Wilder's Little House books play a significant role in American culture that most people cannot begin to appreciate. Millions of children have sampled the books in school; played out the roles of Laura and Mary; or visited Wilder homesites with their parents, who may be fans themselves. Yet, as Anita Clair Fellman shows, there is even more to this magical series with its clear emotional appeal: a covert political message that made many readers comfortable with the resurgence of conservatism in the Reagan years and beyond. In *Little House, Long Shadow*, a leading Wilder scholar offers a fresh interpretation of the Little House books that examines how this beloved body of children's literature found its way into many facets of our culture and consciousness—even influencing the responsiveness of Americans to particular political views. Because both Wilder and her daughter, Rose Wilder Lane, opposed the New Deal programs being implemented during the period in which they wrote, their books reflect their use of family history as an argument against the state's protection of individuals from economic uncertainty. Their writing emphasized the isolation of the Ingalls family and the family's resilience in the face of crises and consistently equated self-sufficiency with family acceptance, security, and warmth. Fellman argues that the popularity of these

## Read PDF The Little House

books—abetted by Lane’s overtly libertarian views—helped lay the groundwork for a negative response to big government and a positive view of political individualism, contributing to the acceptance of contemporary conservatism while perpetuating a mythic West. Beyond tracing the emergence of this influence in the relationship between Wilder and her daughter, Fellman explores the continuing presence of the books—and their message—in modern cultural institutions from classrooms to tourism, newspaper editorials to Internet message boards. *Little House, Long Shadow* shows how ostensibly apolitical artifacts of popular culture can help explain shifts in political assumptions. It is a pioneering look at the dissemination of books in our culture that expands the discussion of recent political transformations—and suggests that sources other than political rhetoric have contributed to Americans’ renewed appreciation of individualist ideals.

Joseph and his family feel squashed in their little, little house, with just a yard for the chickens and a small green patch for the goat and cow, so Joseph goes to his Aunt Bella for help. She tells him to bring the chickens into the house. Result? - chaos. But when Joseph goes back to Aunt Bella, she smiles and tells him to bring in the rooster... then the cow... then the goat, until the little, little house is a dirty, smelly barnyard bursting out of its walls! Only when Joseph follows Aunt Bella's final piece of advice does he discover what a clever woman she is, and learns to count his blessings. Jessica Souhami's hilarious retelling of a delightful nursery tale has bright, bold collage illustrations and a fun text, perfect for reading aloud.

A collection of stories describing the adventures Laura Ingalls Wilder and her sisters shared while growing up in frontier communities in the Middle West.

Gentle adaptations of Laura Ingalls Wilder's celebrated *Little House* stories have been gathered together here in two new titles in our
