Few countries have been as dramatically transformed in recent years as Ireland. Once a culturally repressed land shadowed by terrorism and on the brink of economic collapse, Ireland finally emerged in the late 1990s as the fastest-growing country in Europe, with the typical citizen enjoying a higher standard of living than the average Brit. Just a few years after celebrating their newly-won status among the world's richest societies, the Irish are now saddled with a wounded, shrinking economy, soaring unemployment, and ruined public finances. After so many centuries of impoverishment, how did the Irish finally get rich, and how did they then fritter away so much so quickly? Veteran journalist David J. Lynch offers an insightful, character-driven narrative of how the Irish boom came to be and how it went bust. He opens our eyes to a nation's downfall through the lived experience of individual citizens: the people responsible for the current crisis as well as the ordinary men and women enduring it.

Foster also looks at how characters as diverse as Gerry Adams, Mary Robinson, Charles Haughey and Bob Geldof have contributed to Ireland's altered psyche, and uncovers some of the scandals, corruption and marketing masterminds that have transformed Ireland – and its luck.

The luck of the Irish was chronic bad luck, as their sad history attests. That's how it looked for 250 Irish convicts when their ship, the 'Hive', sank ignominiously off the NSW coast in 1835. Miraculously all survived, guided to safety by local Aboriginal people...They landed at a time when the so-called slave colony was at its height, ruled by the lash and the chain gang. Yet as Babette Smith tracked the lives of the people aboard the 'Hive', she discovered a very different story. Most were assigned to work on farms or in businesses, building a better life than they possibly could have experienced in Ireland. Surprisingly, in the workforce they found power, which gave rise to the characteristic Australian culture later described by DH Lawrence: 'Nobody felt better than anybody else, or higher.'..'The Luck of the Irish' is a fascinating portrait of colonial life in the mid-19th century, which reveals how the Irish helped lay the foundations of the Australia we know today...'Deeply researched and vividly written, it's a terrific new and up-to-date account of the convict experience, mainly from the bottom up' - 'Emeritus Professor Alan Atkinson FAHA, University of Sydney'..'Brings the convict era to life through personal stories and insightful analysis.' - 'Lindsay Tanner'
