The definitive, lavishly illustrated history of the Green Bay Packers, commemorating the team's 100-year anniversary Not only are the Packers the only fan-owned team in any of North America's major pro sports leagues, but Green Bay -- population 104,057 -- is also the smallest city with a big-time franchise. The Packers are, in other words, unlikely candidates to be pro football's preeminent team. And yet nobody in the NFL has won more championships. The story of Tittletown, USA, is the greatest story in sports. Through extensive archival research and unmatched insider access to

players and team officials, past and present, Mark Beech tells the first complete rags-to-riches history of the Green Bay Packers, a full chronicle of the most illustrious team in NFL history. The People's Team paints compelling pictures of a franchise, a town, and a fan base. No other team in pro sports is so bound to the place that gave birth to it. Here is the story of the Packers and of Green Bay -- from the days of the French fur traders who settled on the shores of La Baie in the seventeenth century, to the team's pursuit of its fourteenth NFL championship. Featuring essays by Peter King, Chuck Mercein, Austin Murphy, and David S. Neft, The People's Team is a must-have for fans, old and new, and the definitive illustrated history of the most important team in the NFL.

A New York Times Book Review Editors' Choice "[George Packer's] account of America ' s decline into destructive tribalism is always illuminating and often dazzling."

—William Galston, The Washington Post Acclaimed National Book Award-winning author George Packer diagnoses America ' s descent into a failed state, and envisions a path toward overcoming our injustices, paralyses, and divides In the year 2020, Americans suffered one rude blow after another to their health, livelihoods, and collective self-esteem. A ruthless pandemic, an inept and malign government response, polarizing protests, and an election marred by conspiracy theories left many citizens in despair about their country and its democratic experiment. With pitiless precision, the year exposed the nation ' s underlying conditions—discredited elites, weakened institutions, blatant inequalities—and how difficult they are to remedy. In Last Best Hope, George Packer traces the shocks back to

Access Free The Packer Book

their sources. He explores the four narratives that now dominate American life: Free America, which imagines a nation of separate individuals and serves the interests of corporations and the wealthy; Smart America, the world view of Silicon Valley and the professional elite; Real America, the white Christian nationalism of the heartland; and Just America, which sees citizens as members of identity groups that inflict or suffer oppression. In lively and biting prose, Packer shows that none of these narratives can sustain a democracy. To point a more hopeful way forward, he looks for a common American identity and finds it in the passion for equality—the “ hidden code ” —that Americans of diverse persuasions have held for centuries. Today, we are challenged again to fight for equality and renew what Alexis de Tocqueville called “ the art ” of self-government. In its strong voice and trenchant analysis, *Last Best Hope* is an essential contribution to the literature of national renewal.

Richard Holbrooke was one of the most legendary and complicated figures in recent American history. Brilliant, utterly self-absorbed, and possessed of almost inhuman energy and appetites, he was both admired and detested. From his days as a young adviser in Vietnam to his last efforts to end the war in Afghanistan, Holbrooke embodied the postwar American impulse to take the lead on the global stage. His power lay in an utter belief in himself and his idea of a muscular, generous foreign policy. But his sharp elbows and tireless self-promotion ensured that he never rose to the highest levels in government. Holbrooke's story is the story of the rise and fall of America during its era of supremacy, its strength, drive, and sense of possibility, as well as its penchant for overreach and heedless self-confidence.

Introducing a brand-new middle-grade graphic novel series with attitude that's just right for fans of Babymouse and Real Friends, and for anyone who loves--or hates!--unicorns! Pacey's little sister, Mina, has always said her stuffed unicorn, Slasher, is real--but seriously? He's a stuffed toy! Then again, he does seem to be leading Mina outside her room and to . . . some kind of weird magical unicorn land? Pacey may not believe in unicorns, but she's not about to let her little sister be kidnapped, so she does the only thing she can: follows them to unicorn land (that she totally does NOT believe in). And for the record, it's NOTHING like the stories. First off, what's up with Slasher's attitude? It's not Pacey's fault he's trapped in a ridiculous stuffed body. And that Alpha Unicorn guy? NOT. Nice. Pacey will just be grabbing Mina and taking her home, thankyouverymuch . . . that is, if she can work with the grumpiest unicorn stuffy ever to outsmart the Evil Alpha Unicorn and find the way out--preferably without stepping on any poisonous killer flowers. (WHAT IS WITH THIS PLACE ANYWAY?!)

The acclaimed biography of James Packer. James Packer turns to Greek mythology in an attempt to explain the most exciting yet tumultuous period of his 50 years on earth. "I was like Icarus," the billionaire tells his biographer, journalist Damon Kitney, of the heady days of 2016 when he broke up with pop star Mariah Carey, abandoned living in Hollywood and Israel, left the global casino stage, and divided the family fortune in a bitter separation from his sister. "I flew too close to the sun." With these words, Packer delves for the first time into the story behind his stunning public revelation in mid-March 2018 of his battle with mental health issues, which forced him to resign from the board of

the Crown Casino company he owns and loves. Never before has a member of the Packer family co-operated with a writer to tell their story. In his biography *The Price of Fortune*, one of the nation's richest and most psychoanalysed men opens up in an attempt to make sense of his rollercoaster life and to tell the human story of being James Douglas Packer. Of how his wealth, charm and intellect took him to such exciting places. Yet how sometimes trusting the wrong people and his own rash actions cost him money, friendships, his health and business reputation on the global stage - and how he is now working on getting it all back.

PRAISE FOR THE PRICE OF FORTUNE: 'a revealing portrait of a complex man' - Australian Financial Review 'a journalistic classic' - John Lehmann, editor of *The Australian* 'Engrossing, highly readable' *The Sydney Morning Herald/The Age* 'Kitney manages to tread the fine line between documenting the bizarre spectacle that is Packer's life, and eliciting sympathy for this man of extraordinary wealth.' *The Sydney Morning Herald/The Age*
