OPEN THE EYES OF MY HEART To see you high and lifted up Shining in the light of your glory Pour out your power and love As we sing holy holy holy I want to see you Open the eyes of my heart, Lord Open the eyes of my heart I want to see you I want to see you HOLY SPIRIT There's

Who breaks the power of sin and darkness by Peter Neagle

A major grid failure caused a widespread power outage in Mumbai and surrounding areas on Monday, the first such blackout in more than two years that stranded thousands of train passengers and delayed college exams.

Offers strategies for companies of all sizes to help win and retain customers by practicing buyer-centric thinking that helps to interest and engage the target audience.

Does your competitor always get the sale, even though your products and service are just as good, if not better? Why are some companies' once-trusted brands now deemed worthless? Do you have to continually sell to your existing customers as though they are brand new ones? After many years of diligent research and work with a wide range of clients, consultant and speaker C. Richard Weylman has the answer to these questions. Customers don't care if a business is different or that its products are unusual. Trumpeting achievements such as "We were voted #1 again," "Rated best service three years running," or "We're experienced" doesn't engage buyers emotionally. It is seller-centric thinking in a buyer-centric world. When customers decide where to buy, they have one thing in mind: Why should I do business with this company? Will it solve my problem, today? Buyers want to do business with companies willing to make a customer-centric promise of expected outcome: up-front and unconditional. This isn't just a slogan; it has to be in the company's DNA, consistently delivered through all parts of the organization. The Power of Why shows readers how to elevate their business performance regardless of their situation or position. Offering the same actionable, hands-on strategies Weylman has used to help companies of all sizes grow in the toughest conditions, The Power of Why is the new manual for business survival and growth.--Publisher's description.

The star of ABC's "Shark Tank" demonstrates how starting a business on a shoestring can provide significant competitive advantages for entrepreneurs by forcing them to think creatively, use resources efficiently, and connect more authentically with customers. --Publisher's description.

Breaking is arguably the most lethal street application of the martial arts. Here world champion breaker Mike Reeves teaches you the skills you need to master breaking for competitions and street combat. You'll never be unarmed again when you add power breaking to your arsenal of self-defense weapons.

Joyner's novel equips the readers with the necessary weapons to create a breach in the access of evil in the world. Joyner declares that the battle is for the hearts of people.

The Power of Breaking Fear reveals strategies to increase your odds of effective communications and actions, which will lead to an open mind and overcoming your fears. It is not about exercise or eating healthy but rather feeding your mind so that you can problem-solve better through the art of communication and action.

Think about the last time you tried to talk with someone who didn't already agree with you about issues that matter most. How well did it go? These conversations are vital, but too often get stuck. They become contentious or we avoid them because we fear they might. What if, in these difficult conversations, we could stay true to ourselves while enriching relationships and creating powerful pathways forward? What if our divergent values provided healthy fuel for dialogue and innovation instead of gridlock and polarization? Jason Jay and Gabriel Grant invite us into a spirit of serious play, laughing at ourselves while moving from self-reflection to action. Using enlightening exercises and rich examples, Breaking through Gridlock helps us become aware of the role we unwittingly play in getting conversations stuck. It empowers us to share what really matters ☐ with anyone, anywhere ☐ so that together we can create positive change in our families, organizations, communities, and society.

New York Times Bestseller How women can make it to the top by adopting the new rules of leadership Women hold just 11 percent of the most senior-level leadership positions in U.S. Corporations/a number that hasn't changed in over 30 years. How can women break through? Break Your Own Rules distills the six faulty assumptions (or "rules") most women follow that get in the way/then delivers the correlating new rules that promise to clear that path. For example, the old rule of "Focus on Others" must be replaced by "Take Center Stage," "Hard Work Will Get You There" must yield to "Be Politically Savvy," "Play It Safe" must give way to "Play to Win," "Ask Permission" must be replaced by "Proceed Until Apprehended." Features the results of over 1,700 interviews with executives in Fortune 1000 companies, as well as the authors' new research and ongoing work with over 5,000 professional women Showcases previously-untold stories from high profile women including Ann Moore (CEO, Time Inc.), Susan Ivey (CEO, Reynolds American), Cathy Bessant (Global Executive for Technology and Operations for Bank of America), Lynn Ford (CEO, ING Solutions), and more Reveals what it really takes for any woman to succeed at the highest levels Foreword by Sharon Allen, Chairman of Deloitte This hands-on guide is for women who are ready to transform their assumptions and join the senior ranks of American business.

Bill Purvis had to be left for dead before he discovered that everything he was searching for could be found in Jesus Christ. As a teen, Purvis nearly died when stabbed three times by a pimp during an encounter with a prostitute. With his pericardium sac pierced, liver punctured and his jugular vein completely severed, he cried out to Jesus, who miraculously saved his life. In the more than thirty years since that day, he's built a large church and become a leader and mentor to many. Make a Break for It is a transformational road map meant to guide you by helping you pinpoint where you need to start and then providing detailed step-by-step guidance on how to successfully and continuously cultivate the transformation God has in mind for you. Your life will truly be transformed as you discover the importance of alone time with God, the secret to keeping your own excuses from holding you back, the significant role mentors play in your success, how to handle betrayal, and how to cultivate traits like integrity and humility. You have all of the tools you need to break out of the mold and begin living the life God called you to!

"Nader's assessment of how concentrated wealth and power undermine democracy is clear and compelling, but it's his substantive vision of how we ought to respond that makes Breaking Through Power essential reading. Written just before Donald Trump's Electoral College victory, Nader's latest book reads with even greater urgency now."--Yes Magazine In Breaking Through Power, Ralph Nader draws from a lifetime waging--and often winning--David vs. Goliath battles against big corporations and the United States government. In this succinct, Tom Paine-style wake-up call, the iconic consumer advocate highlights the success stories of fellow Americans who organize change and work together to derail the many ways in which wealth manipulates politics, labor, media, the environment, and the quality of national life today. Nader makes an inspired case about how the nation can--and must--be democratically managed by communities guided by the United States Constitution, not by the dictates of big businesses and the wealthy few. This is classic Ralph Nader, a crystallization of the core political beliefs and commitments that have driven his lifetime of advocacy for greater democracy. "Ralph Nader is the grand progressive of our time. We overlook his words at our own peril! This book is required reading."--Cornel West "Ralph Nader's Breaking Through Power is a brilliant analysis of corporate power and the popular mechanisms that can be used to wrest back our democracy. No one has been fighting corporate domination longer, or understands it better, than Nader, who will go down in history not only as a prophet but an example of what it means to live the moral life. We disregard his wisdom and his courage at our peril."--Chris Hedges, Pulitzer-Prize winner and author of Wages of Rebellion: The Moral Imperative of Revolt "Nader goes beyond delineating the problem and provides a critical prescription to battle the toxicity of unjust power--one that every individual can, and must, embrace."--Nomi Prins, author, All the Presidents' Bankers "People are recognizing that our founding, fundamental values of fairness, justice, and opportunity for all--the very values that define our America--are being shoved aside to create an un-America of plutocracy and autocracy. Ralph Nader's new book Breaking Through Power provides progressive boat-rockers with inspiration and a plan for reclaiming America from the greedy Plutocrats and Fat Cats who think democracy is for sale to the highest bidder."--Jim Hightower "I read Ralph Nader for the same reasons that I read Tom Paine. He knows what he thinks, says what he means, and his courage is a lesson for us all."--Lewis Lapham "Nader insists on speaking up for the little people and backs his arguments and decent sentiments with hard facts."--Publishers Weekly About Ralph Nader: Named by The Atlantic as one of the hundred most influential figures in American history, and by Time and Life magazines as one of the most influential Americans of the twentieth century, Ralph Nader has helped us drive safer cars, eat healthier food, breathe better air, drink cleaner water, and work in safer environments for more than four decades. Nader's recent books include Animal Envy, Unstoppable, The Good Fight, and the bestseller, Seventeen Traditions. Nader writes a syndicated column, has his own radio show, and gives lectures and interviews year round.
