We do not have to travel to some foreign country to locate the mission field. Right here, literally in our backyards, the world has come to us. The church's basic mission is to preach the gospel of the kingdom of God; this message has social and political aspects to its application. This is the fundamental responsibility of the church. This message is holistic and affects the total person. As the church develops a comprehensive and practical understanding of missions, this will propel Christians to act out their missional call. The challenge as to how to be truly missional requires those people considered to be disciples to engage their communities in their everyday lives. To capture the full essence of missions, this book introduces a process called strategic evangelism. This process serves to raise awareness by helping to clarify the nature of the structures and practices of the church relating to its missional focus, to develop a better awareness of local missions, and to introduce a process that will assist people to live out the mission by engaging their communities.

What are the true kingdom principles that Jesus Christ taught? Why are so many churches failing our communities and the world? If you are searching for the answer to these questions, this book has them. Many churches have abandoned the true principles of the Kingdom. So many religious leaders today have become lovers of money, the world and of themselves, rather than of the people that they are supposed to be helping. Because of this, people have lost faith in the Church. This book was written to address and to correct those issues. It teaches the true principles of the Kingdom of God, while exposing the error, ignorance, and many false teachings of the Church-particularly tithing. It reveals the truth about what the Lord's will is concerning his true Church and your life. This book highlights many issues that the Church has created by not teaching the truth to the people, while giving you the keys to living a full and blessed life. God's Kingdom Principles are what the world needs-not more scandals, not more church politics, not more organizations, and certainly not more traditions. God knows what he's doing. So if you apply his principles to your life, they will work. And he will show you exactly what Kingdom Living is all about. It doesn't matter if you worship God in a building or in your home. What matters is what he sees when he looks into your heart! And that is what this book is designed to do: change your heart! But it will also change your life. For you shall know the truth and the truth will set you free.
