Effective writing through critical thinking. Above all others, this rhetorical patterns reader provides a comprehensive grounding in critical thinking as the foundation for close reading and effective writing. Just as important, by exposing the reader to interesting and insightful prose by a diversity of top writers, the reader is motivated to respond in writing and discussions. By thinking, reading, and writing on three increasingly difficult levels - literally, interpretively, and critically - readers can better learn the processes and skills necessary to be successful in all their writing experiences.

DIV In her entertaining and edifying New York Times bestseller, acclaimed author Francine Prose invites you to sit by her side and take a guided tour of the tools and tricks of the masters to discover why

their work has endured. Written with passion, humour and wisdom, Reading Like a Writer will inspire readers to return to literature with a fresh eye and an eager heart – to take pleasure in the long and magnificent sentences of Philip Roth and the breathtaking paragraphs of Isaac Babel; to look to John le Carré for a lesson in how to advance plot through dialogue and to Flannery O’Connor for the cunning use of the telling detail; to be inspired by Emily Brontë’s structural nuance and Charles Dickens’s deceptively simple narrative techniques. Most importantly, Prose cautions readers to slow down and pay attention to words, the raw material out of which all literature is crafted, and reminds us that good writing comes out of good reading. /div

The classic reader that has introduced millions of students to the essay as a genre.

Offers a wealth of literary selections as material for students to read and write about. The authors furnish both responsive and critical writing topics in each chapter.

Nexus presents the traditional rhetorical modes as different ways of thinking about our contemporary world, no matter the medium. It builds on students' multimedia communication skills by using a mix of readings in contemporary and traditional genres to improve students' college writing skills. Nexus starts where students' interests lie—with engaging essays, interviews, blog conversations, Web sites, and YouTube videos. These “readings” are presented in a lively, highly visual format that draws on the daily environment in which students are immersed, including electronic and visual sources that are stimulating, energizing, and directly related to topics they are studying. While the format of Nexus is contemporary and stimulating, the content is substantive and pedagogically sound. Students are asked continually throughout this text to pull ideas from multiple media and respond to them first with critical thinking and writing and then by creating a project through a written, oral, visual, or electronic medium of their own choice.

Addressing the continuing interest in core liberal arts issues, interdisciplinary themes, multicultural perspectives, and critical thinking, THE MCGRAW-HILL READER provides students with a full range of quality prose works spanning various ages, cultures, and subjects. The finely-tuned editorial apparatus encourages students to respond actively to the essays, to formulate their own critical judgments, and to develop in writing their reactions to and perspectives on the thematic concerns of the selections. The Seventh Edition features thirty-eight new essays that address current issues such as the quality of education, the role of technology, and the impact of media. The text concludes with a new appendix on writing a research paper.

In Writers Without Borders: Writing and Teaching Writing in Troubled Times, Lynn Z. Bloom presents groundbreaking research on the nature of essays and on the political, philosophical, ethical, and pragmatic considerations that influence how we read, write, and teach them in times troubled by terrorism, transgressive students, and uses and abuses of the Internet. Writers Without Borders reinforces Bloom’s reputation for presenting innovative and sophisticated research with a writer’s art and a teacher’s heart. Each of the eleven essays addresses in its own way the essay itself as one way to live and learn with others.
