Set at the end of the 19th century, this novel is a tale of mutiny and shipwreck. The narrator, Peder Jensen, is both competent second mate and unworldly philosopher. Esther Greenleaf Muerer has previously translated other works by Jens Bjorneboe, including Moment of Freedom.	

Caldecott Honor-winning team Steve Jenkins and Robin Page explore the astonishing lives of sharks in this brilliantly illustrated picture book. Perfect for Shark Week and all year round, this ode to the notorious ocean predator with more than four hundred species will blow you out of the water! Sharp teeth, super senses, and those infamous fins—what’s not to love about sharks? Caldecott Honor-winning team Steve Jenkins and Robin Page explore one of the world’s most notorious—and fearsome—animals. Learn what makes a shark a shark, what sharks like to eat, and how these predators of the deep have evolved. Ever wonder which shark is the smallest? Or the fastest? Even the most deadly? You'll find your answers in The Shark Book, with countless others. In this magnificently illustrated picture book, celebrate one of the worlds oldest species that has continued to capture our imaginations and astonish us for thousands of years.

An in-depth guide to sharks includes information on where they live, how they eat, the challenges they face, and whether or not certain species pose a danger to humans.

2017 Amelia Bloomer List, Early Readers Nonfiction Before Eugenie Clark's groundbreaking research, most people thought sharks were vicious, blood-thirsty killers. From the first time she saw a shark in an aquarium, Japanese-American Eugenie was enthralled. Instead of frightening and ferocious eating machines, she saw sleek, graceful fish gliding through the water. After she became a scientist—an unexpected career path for a woman in the 1940s—she began taking research dives and training sharks, earning her the nickname "The Shark Lady."

Why are Gerald Ford, Ted Koppel, Billy Graham, Leonard Lauder, Mario Cuomo, Robert Redford, Gloria Steinem, Peter Ueberroth, Walter Mondale, Lou Holtz, Norman Vincent Peale, and so many other successful people raving about this book? First, look through the testimonials that fill the opening pages. You will see that: Many of the most Important and successful people in America think that Harvey Mackay is one of the most remarkable men in America -- and that this is a remarkable book. Then, turn to any page of the text. You'll see in an instant what so many people are excited about.Would you like to succeed in BUSINESS?Harvey offers you dozens of tips on how to: "Outsell" by getting appointments withpeople who absolutely, positively do not want to see you, and then making them glad they said "yes ""Outmanage" by arming yourself with information on prospects, customers, and competitors that the CIA would envy -- using a system called the "Mackay 66." "Outmotivate" by using his insights to help yourself or your kids join the ranks of America's one million millionaires."Outnegotiate" by knowing when to "smile and say no" and when to "send in the clones."Would you like to succeed in LIFE? This book is about being successful in whatever you do Harvey Mackay is the type of honest, enterprising, and dedicated winner we'd all like to emulate. Swim with the Sharks is good news for anyone who wants to be a winner in any field of human endeavor. DIVE IN Fortune magazine called Harvey Mackay "Mr. Make-Things-Happen." During a dynamic and productive life, Harvey Mackay has made many things happen. He's a man who: At age 26, bought a failing envelope company that today is a multimillion-dollar corporation producing over 10,000,000 envelopes per day.Was the catalyst to get the \$75 million Metrodome built in Minneapolis.Spearheaded the famed \$6 million "Twins Ticket Buyout" to keep the World Series Champion Twins in Minnesota.Has devoted countless hours of service to numerous boards, charities, and business organizations.

Learn about sharks with everyone's favorite Cat in the Hat! The Cat in the Hat dives deep in this fascinating exploration of the world of sharks. Learn about the different types of sharks, how we study them, and why they aren't so scary after all. Perfect for kids who love sharks and Dr. Seuss alike, and for any kid who loves learning and science. The Cat in the Hat's Learning Library is a nonfiction, unjacketed hardcover series that introduces beginning readers ages 5-8 to important basic concepts. Featuring beloved characters from Dr. Seuss's The Cat in the Hat, the Learning Library titles explore a range of topics about the world we live in and include an index, glossary, and suggestions for further reading. “Pretty much all the stuff you need to know is in Dr. Seuss.” -President Barack Obama

Download Free The Sharks

Twenty-five species of sharks — carefully researched, skillfully rendered, and ready to color — ranging from the tiny cookiecutter shark (1¼ inches) to the monstrous whale shark (up to 65 feet). Also includes hammerhead, tiger, blue, leopard, great white, more. Captioned information on habitat, size, distinguishing characteristics, other data.

Dive in and take a bite out of SHARKS! More than 400 species swim in the Earth's oceans: some in shallow waters, others far below. Created in collaboration with the American Museum of Natural History, Sharks introduces nine different sharks to budding marine biologists. Thanks to the book's graduated tabs, kids can really see and compare the various size and shapes of these special animals.

A nose for digging? Ears for seeing? Eyes that squirt blood? Explore the many amazing things animals can do with their ears, eyes, mouths, noses, feet, and tails in this interactive guessing book, beautifully illustrated in cut-paper collage, which was awarded a Caldecott Honor. This title has been selected as a Common Core Text Exemplar (Grades K-1, Read Aloud Informational Text).

What do sharks like to eat? Which shark glows in the dark? And why do some sharks never stop swimming? Packed with facts about nature's greatest predators and illustrated with full-colour photographs, this book is specially written for children who are just beginning to read alone. Includes links to recommended websites to find out more. This is a highly illustrated ebook that can only be read on the Kindle Fire or other tablet. "Excellent for helping children to learn to use books for research. Short chunks of text and plenty of pictures make these books really fun to read." - Parents in Touch
