Previously published as The NVQ Assessor, Verifier and Candidate Handbook.

The Vocational Assessor Handbook contains practical advice for anyone involved with the assessment and verification of vocational qualifications, addressing the latest developments in vocational education and assessment.

The Vocational Assessor Handbook contains practical advice for anyone involved with the assessment and verification of vocational qualifications, addressing the latest developments in vocational education and assessment.

'...the plain English guide to the assessment process with excellent examples. I am sure this book will be the standard guide for many years to come.' - Alistair Graham, Former Chairman, Training and Development Lead Body, '...the content now reflects the increased demands of the standards and the greater profile that assessment and verification has, compared to then.' - David Morgan, Director of Marketing and Communications, Employment National Training Organisation. A best-seller, first published 10 years ago as "The NVQ and GNVQ Assessor Handbook", this third edition of an essential book remains a user-friendly, jargon-free guide. All those involved in the assessment of candidates working towards national qualifications require accreditation themselves. Fully revised and in line with the new Learning and Development standards, this highly regarded book provides the fundamental information, practical advice and background knowledge for anyone wishing to obtain the assessor, or internal verifier qualifications. Contents include: the context of NVQ quality assurance; overview of key changes affecting the assessment and verification of NVQs; knowledge assessment for assessors and internal verifiers; requirements for assessors using a range of methods and observational assessors; requirements for internal verifiers; assessment and internal verification in practice; and tips for candidates. "The NVQ Assessor and Verifier Handbook" illustrates how to perform efficiently, by giving practical advice on the assessor and verifier awards to both candidates and trainers.

A collection of the theories, practices, and policies of vocational education and training written by international experts The Wiley Handbook of Vocational Education and Training offers an in-depth guide to the theories, practices, and policies of vocational education and training (VET). With contributions from a panel of leading international scholars, the Handbook contains 27 authoritative essays from a wide range of disciplines. The contributors present an integrated analysis of the complex and dynamic field of VET. Drawing on the most recent research, thinking, and practice in the field, the book explores the key debates about the role of VET in the education and training systems of various nations. The Handbook reveals how expertise is developed in an age of considerable transformation in work processes, work organization, and occupational identities. The authors also examine many of the challenges of vocational education and training such as the impact of digital technologies on employment, the demand for (re)training in the context of extended working lives, the emergence of learning regions and skill ecosystems, and the professional development of vocational teachers and trainers. This important text: Offers an original view of VET's role in both the initial and continuing development of expertise Examines the theories and concepts that underpin international perspectives and explores the differences about the purposes of VET Presents various models of learning used in VET, including apprenticeship, and their relationship with general education Explores how VET is shaped in different ways by the political economy of different countries Reviews how developments in digital technologies are changing VET practice Discusses the challenges for universities offering higher vocational education programs Draws on both recent research as well as historical accounts Written for students, researchers, and scholars in the fields of educational studies, human resource development, social policy, political economy, labor market economics, industrial relations, sociology, The Wiley Handbook of Vocational Education and Training offers an international perspective on the topic of VET.

Vocational psychology, which is the science that helps inform social policy about work issues, improve career interventions and conduct research is glad to have this handbook. The third edition, with cutting edge contributors examines the field now and p

This handbook offers a comprehensive review on career guidance, with an emphasis on the applied aspects of guidance together with research methods and perspectives. It features contributions from more than 30 leading authorities in the field from Asia, Africa, America, Australasia and Europe and draws upon a wide range of career guidance paradigms and theoretical perspectives. This handbook covers such subjects as educational and vocational guidance in a social context, theoretical foundations, educational and vocational guidance in practice, specific target groups, testing and assessment, and evaluation.
