Inspired by a haunting true story, a gorgeous and atmospheric novel about the mysterious disappearance of three lighthouse keepers from a remote tower miles from the Cornish coast--and about the wives who were left behind What strange fate befell these doomed men? The heavy sea whispers their names. Black rocks roll beneath the surface, drowning ghosts. And out of the swell like a finger of light, the salt-scratched tower stands lonely and magnificent. It's New Year's Eve, 1972, when a boat pulls up to the Maiden Rock lighthouse with relief for the keepers. But no one greets them. When the entrance door, locked from the inside, is battered down, rescuers find an empty tower. A table is laid for a meal not eaten. The Principal Keeper's weather log describes a storm raging round the tower, but the skies have been clear all week. And the clocks have all stopped at 8:45. Two decades later, the wives who were left behind are visited by a writer who is determined to find the truth about the men's disappearance. Moving between the women's stories and the men's last weeks together in the lighthouse, long-held secrets surface and truths twist into lies as we piece together what happened, why, and who to believe. In her riveting and suspenseful novel, Emma Stonex writes a story of isolation and obsession, of reality and illusion, and of what it takes to keep the light burning when all else is swallowed by dark.

Rose Szabo's thrilling debut is a dark and thrilling novel about a teen girl who returns home to her strange, wild family after years of estrangement, perfect for fans of *Wilder Girls*.

Wyoming game warden Joe Pickett has two lethal cases to contend with in this electrifying #1 New York Times-bestseller from C. J. Box. Wyoming's new governor isn't sure what to make of Joe Pickett, but he has a job for him that is extremely delicate. A prominent female British executive never came home from the high-end guest ranch she was visiting, and the British Embassy is pressing hard. Pickett knows that happens sometimes--these ranches are stocked with handsome young cowboys, and "ranch romances" aren't uncommon. But no sign of her months after she vanished? That suggests something else. At the same time, his friend Nate Romanowski has asked Joe to intervene with the feds on behalf of falconers who can no longer hunt with eagles even though their permits are in order. Who is blocking the falconers and why? The more he investigates both cases, the more someone wants him to go away. Is it because of the missing woman or because he's become Nate's advocate? Or are they somehow connected? The answers, when they come, will be even worse than he'd imagined.
