The world knew Him not, and He came to His own, and they despised Him! Received him not is stronger than "knew him not" of John 1:10. It is the rejection of those *for* whom no plea of ignorance can be urged, of those "who see, and therefore their sin remaineth" (John 9:41).

John 1:11 He came to His own, and His own did not receive Him.

The True Story Behind the Events on 9/11 that Inspired Broadway's Smash Hit Musical Come from Away. Featuring All New Material from the Author When 38 jetliners bound for the United States were forced to land at Gander International Airport in Canada by the closing of U.S. airspace on September 11, the population of this small town on Newfoundland Island swelled from 10,300 to nearly 17,000. The citizens of Gander met the stranded passengers with an overwhelming display of friendship and goodwill. As the passengers stepped from the airplanes, exhausted, hungry and distraught after being held on board for nearly 24 hours while security checked all of the baggage, they were greeted with a feast prepared by the townspeople. Local bus drivers who had been on strike came off the picket lines to transport the passengers to the various shelters set up in local schools and churches. Linens and toiletries were bought and donated. A middle school provided showers, as well as access to computers, email, and televisions, allowing the passengers to stay in touch with family and follow the news. Over the course of those four days, many of the passengers developed friendships with Gander residents that they expect to last a lifetime. As a show of thanks, scholarship funds for the children of Gander have been formed and donations have been made to provide new computers for the schools. This book recounts the inspiring story of the residents of Gander, Canada, whose acts of kindness have touched the lives of thousands of people and been an example of humanity and goodwill.

On January 12, 2010, the deadliest earthquake in the history of the Western Hemisphere struck the nation least prepared to handle it. Jonathan M. Katz, the only full-time American news correspondent in Haiti, was inside his house when it buckled along with hundreds of thousands of others. In this visceral, authoritative first-hand account, Katz chronicles the terror of that day, the devastation visited on ordinary Haitians, and how the world reacted to a nation in need. More than half of American adults gave money for Haiti, part of a monumental response totaling \$16.3 billion in pledges. But three years later the relief effort has foundered. It's most basic promises—to build safer housing for the homeless, alleviate severe poverty, and strengthen Haiti to face future disasters—remain unfulfilled. The Big Truck That Went By presents a sharp critique of international aid that defies today's conventional wisdom; that the way wealthy countries give aid makes poor countries seem irredeemably hopeless, while trapping millions in cycles of privation and catastrophe. Katz follows the money to uncover startling truths about how good intentions go wrong, and what can be done to make aid "smarter." With coverage of Bill Clinton, who came to help lead the reconstruction; movie-star aid worker Sean Penn; Wyclef Jean; Haiti's leaders and people alike, Katz weaves a complex, darkly funny, and unexpected portrait of one of the world's most fascinating countries. The Big Truck That Went By is not only a definitive account of Haiti's earthquake, but of the world we live in today.

With help from Grandpa, George learns how to reduce, re-use, repair, and recycle his garbage to become environmentally conscious and help save the world.
Welcome to the Fascinating Story of How We Got The World's Greatest Book—The Bible. It is a captivating story that includes a little bit of everything: adventure and violence, mystery and bravery, and dumb luck or divine intervention—depending on your point of view. How in the world did we get this book that some people swear by—and other people swear at? You don't have to be a skeptic to have a grocery list of questions about the formation of the Bible, such as: —Who wrote these documents and when? —How were these ancient writings transmitted through the ages? —As scribes made copies of copies, didn't they make mistakes that caused the ancient writings to be changed and corrupted? —How was it decided which writings would be included in the Bible? —What are the Dead Sea Scrolls, and why are archaeological finds like these such a big deal? Devoted people dedicated their lives throughout time to put this unique book into the hands of people worldwide. Retrace the passion and intrigue behind the Bible's creation.

DIVLong before the invention of printing, let alone the availability of a daily newspaper, people desired to be informed. In the pre-industrial era news was gathered and shared through conversation and gossip, civic ceremony, celebration, sermons, and proclamations. The age of print brought pamphlets, edicts, ballads, journals, and the first news-sheets, expanding the news community from local to worldwide. This groundbreaking book tracks the history of news in ten countries over the course of four centuries. It evaluates the unexpected variety of ways in which information was transmitted in the premodern world as well as the impact of expanding news media on contemporary events and the lives of an ever-more-informed public. Andrew Pettegree investigates who controlled the news and who reported it; the use of news as a tool of political protest and religious reform; issues of privacy and titillation; the persistent need for news to be current and journalists trustworthy; and people's changed sense of themselves as they experienced newly opened windows on the world. By the close of the eighteenth century, Pettegree concludes, transmission of news had become so efficient and widespread that European citizens—now aware of wars, revolutions, crime, disasters, scandals, and other events—were poised to emerge as actors in the great events unfolding around them./div

NALI By Esther Henry In an era of darkness, mystery, tropical jungles and cannibalism, Nali tries to buck the ancient traditions, only to find herself deeply entrenched in them. As a young girl full of dreams, she is given to a tribal elder in marriage and quickly learns that her girlhood dreams could be shattered overnight. The rain forest held a secret refuge that only Nali knew, where she took her dreams and her delusions. Will she be forced to succumb to a subservient role the rest of her life, or can she overcome the hopelessness that comes with isolation, ignorance and tradition? Deep in the heart of New Guinea lies the village of Mendoka, beautifully camouflaged from the rest of the world. Although the village has yet to be discovered, the outside world would soon have an influence on their lives. An interruption to their peaceful simplicity would both terrify them and cause them to search for answers. Readers will be able to follow the lives of those who lived in a much simpler time and become immersed in the culture that controlled their everyday existence.

The Amazing Book of No was just announced as a Winner of the 2015 Readers Favorite Award for K-3rd grade readers. "The Amazing Book of No" is a deceptively simple story that will teach your 3-7 year old how to accept the word "no" when you say it, and why they shouldn't argue. The story is about two moms and their children. One mom says "no" all the time, while the other says "yes" to everything. It is cute and engaging all in one, and designed not to take up too much of a parents valuable time, with the idea being to try and imprint wholesome ideals while kids are young. Reading this just a few times to your boy or girl at bedtime will ensure you don't have any misunderstandings with your children about the word "NO" as they grow older. This really is: The Amazing Book of No!
