THE ZONE: A Prison Camp Guard's Story. by Sergei Dovlatov(RELEASE DATE: Oct. 14, 1985. Among those books about prison camps, only a few transform the pain and humiliation by extraordinary compassion. In this semiautobiographical novel, Dovlatov (The Compromise, 1983)—whose political consciousness was developed during guard duty at a criminals' labor camp—keeps looking over his shoulder at Solzhenitsyn, Shalamov, and all the other Russian prison writers beginning with Dostoevsky.

Rare is the novel in which the narrator halts his story to address his prospective publisher, but such a technique recurs throughout Sergei Dovlatov's The Zone, a 1982 work  reissued earlier this year by Counterpoint  that seems to dare you to classify it.  (For three years now I have been trying to publish my prison-camp book, the narrator  a stand-in for Dovlatov  remarks early on, setting up a sort of book-within-a-book scenario or, at least, the hint of one.

The absurdity of life in a Soviet prison camp is reported via Dovlatov's signature sharp eye and ear but is markedly absent the levity. Constructed as a metafiction in which Dovlatov the author, now an émigré in New York City, delivers the novel to the publisher Igor Yefimov piecemeal, as a result of censorship (a few courageous French ...

Most of the 2,600 Jews deported as a result of his orders were sent to the camp of Giado, a former military post located 150 miles south of Tripoli. Other Libyan Jews were deported to the camps of Buqbq and Sidí Azaz. Inmates were subjected to forced labor in all three camps, with conditions in Giado proving particularly harsh.

And, given its thematic and message, it's perhaps even the most meaningful and important "Twilight Zone" episode of the whole series. Fifteen years after the end of WWII, and having cowardly fled to South America instead of facing justice, SS-Captain Gunther Lutze can't resist returning to Dachau: - the concentration camp where he sardonically enjoyed torturing and murdering thousands of Jewish prisoners.

As he strolls around the camp, he smugly and sadistically recalls the torment he inflicted on the inmates. Lutze is surprised to see Alfred Becker, one of the camp's former inmates and a particular victim of Lutze's cruelty. Lutze supposes that Becker is now the caretaker of the camp, which Becker confirms "in a manner of speaking".

Common spaces open to the outside public are used to facilitate access and social interaction. The hotel is of particular interest for its complicated histories of being a space for migrant transit, a refugee camp, a prison, a youth detention centre, and, finally, an international hub for cosmopolitan tourists.

Written in Sergei Dovlatov's unique voice and unmatched style, The Zone is a satirical novelization of Dovlatov's time as a prison guard for the Soviet Army in the early 1960s. Snapshots of the prison are juxtaposed with the narrator's letters to Igor Markovich of Hermitage Press in which he urges Igor to publish the very book we're reading. As Igor receives portions of the prison camp manuscript, so too does the reader. Arguably Dovlatov's most significant work, The Zone illuminates the twisted absurdity of the life of a prison guard: Almost any prisoner would have been suited to the role of a guard. Almost any guard deserved a prison term. Full of Dovlatov's trademark dark humor and dry wit, The Zone's narrator is an extension of his author, and the book fittingly begins with the following disclaimer: The names, events, and dates given here are all real. I invented only those details that were not essential. Therefore, any resemblance between the characters in this book and living people is intentional and malicious. And all fictionalizing was unexpected and accidental. What follows is a complex novel that captures two sides of Dovlatov: the writer and the man.

When Tig hague kissed goodbye to his girlfriend Lucy, he was already thinking of his return. The couple were going house-hunting, looking for their first home together. Tig was only going to be away for a few days on a routine business trip - the annual highlight of an otherwise unglamorous job working on the Russian desk of a London bank. But just hours later something went wrong at Moscow airport. Very wrong. Misunderstanding a request from customs for a backhander to speed his progress into the country, Tig was pulled to one side to have his bag searched. A deliberate inconvenience, he thought. But Tig's world was about to implode with dizzying, terrifying speed. A tiny lump of hashish, nothing more than detritus from a recent slag weekend, was discovered in the pocket of an old pair of jeans. Too small to warrant anything more than a slapped wrist back home, he hadn't even known it was there. Tig was in Moscow's notorious Piet Central jail by nightfall - and that was just a stepping stone on his way to prison camp Zone 22 in the bleak, remote wastes of Mordovia. He wouldn't be returning home for years. Zone 22is the shocking story of a young Englishman's struggle to survive the brutal, corrupt, almost medieval conditions of a prison camp in Putin's Russia - a gripping contemporary story in the tradition of Papillionand Midnight Express.

Siberia is, by any system of qualification, a surreal concept, a wasteland larger than Europe that is veritably beyond the pale. How to explain that vast and trackless distopia, where outcasts grind out a seemingly futile existence and their goalers watch over them with a rulebook written by lunatics? In Zona, Carl De Keyzer provides unique illumination of a world incomprehensible to those who have not seen it.

North Korean prison camps incarcerate up to three generations of families of people who are accused of opposing the government. The inmates are completely cut off from North Korean society, which in turn knows little about the camps.

With a New Foreword The heartwrenching New York Times bestseller about the only known person born inside a North Korean prison camp to have escaped. North Korea's political prison camps have existed twice as long as Stalin's Soviet gulags and twelve times as long as the Nazi concentration camps. No one born and raised in these camps is known to have escaped. No one, that is, except Shin Dong-hyuk. In Escape From Camp 14, Blaine Harden unlocks the secrets of the world's most repressive totalitarian state through the story of Shin's shocking imprisonment and his astounding getaway. Shin knew nothing of civilized existence;he saw his mother as a competitor for food, guards raised him to be a snitch, and he witnessed the execution of his mother and brother. The late Dear Leader Kim Jong Il was recognized throughout the world, but his country remains sealed as his third son and chosen heir, Kim Jong Eun, consolidates power. Few foreigners are allowed in, and few North Koreans are able to leave. North Korea is hungry, bankrupt, and armed with nuclear weapons. It is also a human rights catastrophe. Between 150,000 and 200,000 people work as slaves in its political prison camps. These camps are clearly visible in satellite photographs, yet North Korea's government denies they exist. Harden's harrowing narrative exposes this hidden dystopia, focusing on an extraordinary young man who came of age inside the highest security prison in the highest security state. Escape from Camp 14 offers an unequalled inside account of one of the world's darkest nations. It is a tale of endurance and courage, survival and hope.

The searing accounts of Aleksandr Solzhenitsyn, Evgeniia Ginsberg and Varlam Shalamov opened the world's eyes to the terrors of the Soviet Gulag. But not until now has there been a memoir of life inside the camps written from the perspective of an actual employee of the Secret police. In this riveting memoir, superbly translated by Deborah Kaple, Fyodor Mochulsky describes being sent to work as a boss at the forced labor camp of Pechorlag in the frozen tundra north of the Arctic Circle. Only twenty-two years old, he had but a vague idea of the true nature of the Gulag. What he discovered was a world of unimaginable suffering and death, a world where men were starved, beaten, worked to death, or simply executed. Mochulsky details the horrific conditions in the camps and the challenges facing all those involved, from prisoners to guards. He depicts the power struggles within the camps between the secret police and the communist party, between the political prisoners (most of whom had been arrested for the generic crime of "counter-revolutionary activities") and the criminal convicts. And because Mochulsky writes of what he witnessed with the detachment of the engineer that he was, readers can easily understand how a system that destroyed millions of lives could be run by ordinary Soviet citizens who believed they were advancing the cause of socialism. Mochulsky remained a communist party member his entire life—he would later become a diplomat—but was deeply troubled by the gap between socialist theory and the Soviet reality of slave labor and mass murder. This unprecedented memoir takes readers into that reality and sheds new light on one of the most harrowing tragedies of the 20th century.

In July 2003 young Englishman Tig Hague was on a routine business trip to Moscow when he was arrested at the airport. Within hours he was accused of a major crime. Next, he was tried and transported hundreds of miles to the remote, forsaken wastes of Mordovia And prison camp Zone 22. Sentenced to spend the next four years there, every day was a struggle against disease, freezing temperatures, malnutrition, the unpredictable, sometimes terrifying behaviour of the camp guards and his fellow prisoners.But, most of all, it was a fight to ensure his own psychological survival. Only the thought of his girlfriend Lucy, fighting Russia's corrupt and labyrinthine legal system, kept Tig sane - and gave him a reason to see each day to its end. The English Prisoner is an extraordinary story of endurance, as one man - plucked from his normal, everyday life - is forced to reach deep inside himself to survive life in one of the bleakest outposts in the world: Russia's vast and unforgiving 'forgotten zone'.
