Also, we meet many of the boys he coached who became not only ...

Former NBA star and Presidential Medal of Freedom recipient Kareem Abdul-Jabbar explores his 50-year friendship with Coach John Wooden, one of the most enduring and meaningful relationships in sports history. When future NBA legend Kareem Abdul-Jabbar was still an 18-year-old high school basketball prospect from New York City named Lew Alcindor, he accepted a scholarship from UCLA largely on the strength of Coach John Wooden's reputation as a winner. NCAA championship titles. But it also marked the beginning of one of the most extraordinary and enduring friendships in the history of sports. In *Coach Wooden and Me*, Abdul-Jabbar reveals the inspirational story of how his bond with John Wooden evolved from a history-making coach-player mentorship into a deep and genuine friendship that transcended sports, shaped the course of both men's lives, and lasted for half a century. *Coach Wooden and Me* is a stirring tribute to the subtle but profound influence that Wooden had on Kareem as a player, and then as a person, as they began to share their cultural, religious, and family values while facing some of life's biggest obstacles. From his first day of practice, when the players were taught the importance of putting on their athletic socks properly; to gradually absorbing the sublime wisdom of Coach Wooden's now

Full of intimate, never-before-published details and delivered with the warmth and erudition of a grateful student who has learned his lessons well, Coach Wooden and Me is at once a celebration of the unique philosophical outlook of college basketball's most storied coach and a moving testament to the all-conquering power of friendship. At last, those of us not lucky enough to hear Phil Martelli in person can now draw inspiration from his book. *Dont Call Me Coach* presents him at his compelling and captivating best, as he finally puts into print the mantra of his memorable speeches. In fact one of Americas most colorful, outspoken, and successful coaches, Martelli compresses his three decades of experience into a ten-point lesson plan for life that will benefit anyone, no matter what the challenges may be. We are all coaches, he insists, and each of us represents a book of unique experiences others can learn from. We are defined not by what we do, but by who we are. Yet we should not take ourselves seriously, but, rather, what we do. And so, even though he was named college basketballs Coach of the Year in 2004, this quintessentially regular Philly guy prefers

not to be addressed as Coach Martelli. If you will, just call me Phil. . . . This book is my conversation with you. This unpretentious tone pervades *Dont Call Me Coach* as distinctively different from most life-lessons books as Phil Martelli's spontaneous HawkTalk is from other coaches tightly scripted TV shows. Martelli's experiences within his own extended family often funny, sometimes poignant, and always instructive form a warmly personal background to everything he spells out in his book. Having turned down far more lucrative offers to coach at mega-universities, Martelli enters another new season at the helm of the storied mens basketball program at Philadelphia's Saint Josephs University. As he puts it, You have to know where your heart is. These expressions of his heart and mind will resonate in yours, no matter where you went to school, and whether youre an avid

sports fan or not. As Phil concludes, The Hawk will never die! is more than the slogan of one specific university. It represents the will to excel, to never give in an approach to life we can all share.

The UCLA Bruins coach pays tribute to the individuals who helped foster the values that shaped his career, and shares interviews with people he mentored throughout the years, including Kareem Abdul-Jabbar and Bill Walton.
