They Who Fell was an enchanting tale about an alternate reality where Earth is occupied by fallen angels. The angels in this tale are nowhere near angelic and can be quite cruel in their mastering and enslavement of the humans who remain post-fall.

When a horrible tragedy unites five very different high school seniors, they discover the worst moment of your life can help determine who you really are in the powerful YA novel, *The Year They Fell*. Josie, Jack, Archie, Harrison, and Dayana were inseparable as preschoolers. But that was before high school, before parties and football and getting into the right college. Now, as senior year approaches, they're basically strangers to each other. Until they're pulled back together when their parents die in a plane crash. These former friends are suddenly on their own. And they're the only people who can really understand how that feels. To survive, the group must face the issues that drove them apart, reveal secrets they've kept since childhood, and discover who they're meant to be. And in the face of public scrutiny, they'll confront mysteries their parents left behind—betrayals that threaten to break the friendships apart again. A new family is forged in this heartbreaking, funny, and surprising book from award-winning storyteller David Kreizman. It's a deeply felt,

They say that long ago, there was a rebellion in Heaven. That an army of angels sought to seize the throne, and were cast down into the pits of Hell in punishment. Those are the affairs of angels, and everything would have been fine if they'd kept them to themselves. But there's been another uprising, and another Fall. Cast down to Earth, the rebel angels ravaged the globe in an orgy of sin and violence as they indulged in their newfound freedoms. Their new home is the Perch, a black, towering monstrosity that blights what's left of the New York City skyline. Life inside the Perch means you watch your tongue, if you're a servant. Jana has lived there since she was a child, and now she's found herself thrust into the middle of angelic politics. Some of them want to torture her, just for the fun of it. Others say they want to protect her. And Rhamiel, a charismatic and powerful angel with one of the few faces that wasn't burnt and scarred by the Fall, is relentlessly pursuing her affections. Life outside can be just as dangerous. Strange things fell with the angels and wander the

countrysides. The roads are filled with Vichies, cringing humans who've thrown their lot in with their oppressors and won't hesitate to take advantage of the weak. But some are still fighting, including William Holt. He leads a small cell of fighters, searching for a way to strike back against the angels without getting themselves killed in the process. And all around, the fallen angels inflict their savageries on the dwindling remains of humanity, enjoying every vice they'd been forbidden during their long centuries of service. They Who Fell is the first book in a trilogy.

The members are forced to decide whether to break convention and act on their own or wait for a decision they're not sure will come. It takes this cataclysmic event for Teka to realize that she wanted independence all along. Tiladon challenges his beliefs about what it takes to be Head-Elder and a father. Desupon is forced to decide whether to continue living by the

colony's standards or escape the images of death repeating in her mind. Is this the perfect opportunity for the members to change? Or is it the perfect excuse for them to run from a group they want no part of?

For every action, there is an equal and opposite reaction. The horror that rocked my small town last winter also brought Noah Wilkes into my life. The first almost broke all of us, but the second changed everything. He stomped into my classroom all angry scowls and rudeness, the big-shot lawyer who was always too good for this small town. But the moment his smile softened toward his niece, it was me that melted. The heartbreak that brought him back also brought me closer to him, to the man he hides from the world behind his swagger and aggression. The man I couldn't help but fall for. But life has a way of throwing a curveball when you least expect it, and this one could cost me everything—even him. Turned out, our fates were written in the sky before we ever met— Before we fell.
