Painted vases are the richest and most complex images that remain from ancient Greece. Over the past decades, a great deal has been written on ancient art that portrays myths and rituals. Less has been written on scenes of daily life, and what has been written has been tucked away in hard-to-find books and journals. *A Guide to Scenes of Daily Life on Athenian Vases* synthesizes this material and expands it: it is the first comprehensive volume to present visual representations of everything from pets and children's games to drunken revelry and funerary rituals. John H. Oakley's clear, accessible writing provides sound information with just the right amount of detail. Specialists of Greek art will welcome this book for its text and illustrations. This guide is an essential and much-needed reference for scholars and an ideal sourcebook for classics and art history.

In the tradition of Marion Zimmer Bradley's *Mists of Avalon*, Ellen Evert Hopman weaves Druid history and spirituality into an engaging love story. This Bardic teaching tale is set in a fictional third-century Ireland when Christianity is sweeping across the Celtic Isles. During this time of crisis, love blooms between Ethne, a Druid healer, and her patient, a Fennid warrior. Their passionate affair suffers a tragic blow when Ethne is called upon to become the high queen. Told from the Druid perspective, Hopman recreates the daily life, magical practices, politics, and spiritual lives of the ancient Celts during this historic turning point. Druid holy days, rites, rituals, herbal lore, and more are brought to life in this Celtic fantasy—illuminating Druidic teachings and cultural wisdom.
