Do you use a satnav or smartphone satnav app? If so, How to Get More from Your Satnav is for you. This unique exploration of the satnav, by an experienced professional driver, provides a penetrating analysis of the difficulties and problems associated with using it. In addition, a wealth of practical advice is offered and many fascinating insights. The 'bells and whistles' associated with satnavs are avoided and instead author Bob Scanlon concentrates on straightforward road navigation. • The problem of arriving at the wrong destination is given an in-depth consideration and a simple practical solution offered. • Route planning is explored and a range of techniques are proposed to help. • Pointers are provided to advanced routing. • How you use your satnav on the move is a much neglected area of concern and guidance and advice is provided here too. • A review of a high specification satnav with HD live traffic is included and lastly, the satnav as a concept is evaluated. This is a sorely needed contribution to the practice of road navigation and provides an invaluable guide to getting more from your satnav.

This book constitutes the thoroughly refereed post-conference proceedings of the First

Don't miss a thing on your vacation with the DK Eyewitness Travel guidebook to Istanbul.

Dowling's Engineering Your Future: An Australasian Guide, Fourth Edition is used for first year, core subjects across all Engineering disciplines. Building on the previous editions, this text has been updated with new references, while still maintaining a strong and practical emphasis on skills that are essential for problem solving and design. Numerous topical and locally focused examples of projects across engineering disciplines help demonstrate the role and responsibilities of a professional engineer. Themes of sustainability, ethical practice and effective communication are a constant throughout the text. This full-coloured print with interactive e-text resource has a variety of digital media embedded at the point of learning such as videos and knowledge-check questions to engage students and to help consolidate their learning.

This book "provides a solid foundation on which students build their knowledge of the Linux operating system. The first half of the book gives a brief overview of Linux origins and features, followed by detailed installation instructions, and comprehensive coverage of file system types, management and administration,. The latter half of the book focuses on more advanced topics such as advanced installation, working with the BASH Shell and X-Windows, systema administration and trouble shooting tips." - back cover.

So many apps and so little time. How do you get to the best with a minimum of fuss? The Rough Guide to the Best iPhone and iPad Apps solves the problem. It pinpoints the 500 best free and paid for applications in all major categories. Whether its navigation or news, photography or productivity, games or utilities this book highlights the best running on iPhone, iPad (or both) from the marquee names to the hidden gems. Discover now, the 500 finest applications your iOS was born to run.

The Rough Guide to Istanbul is the perfect introduction to a vibrant mega-city, fast-becoming as popular for its nightlife and arts scene as it is for its unique historical heritage. All the major Byzantine and Ottoman sites, plus a myriad of lesser-known gems, are easily tracked down using clear, comprehensive maps. Whether you wish to watch the faithful at prayer in the iconic Blue Mosque, admire the glittering- gold mosaics in the Church of the Holy Wisdom, relax in an historic Turkish bath, cruise up the continent-dividing Bosphorus or dance the night away in an über-cool club, you can find out where and how in The Rough Guide to Istanbul. Evocative photographs of the city's highlights complement the text and two full-colour sections introduce the fascinating world of Ottoman Turkish architecture and the culinary delights of the Turkish kitchen. There are up-to-date descriptions of the city's best bars, cafes, clubs, hotels, restaurants and shops for all budgets, and a detailed section on 'out of town' trips including the legendary city of Troy and the former-Ottoman capitals of Bursa and Edirne.
