En este libro me he propuesto resumir los principales consejos e ideas que surgen de los libros de Donald Trump. Es decir, todos aquellos libros que Trump escribi ó para ayudar a sus lectores a mejorar econ ó micamente. Libros tales como "El Arte de la negociaci ó n"; "La forma de triunfar"; "El toque de Midas"; "Los mejores consejos de bienes ra í ces que he recibido"; "C ó mo hacerte rico"; "La mentalidad del billonario", entre otros. Es decir los libros donde se contienen los principios que seg ú n Trump determinan que una persona pueda hacerse rica. Me referir é a los principales principios y consejos de Trump contenidos en tales obras pero de manera orientadora, que no supe la lectura de la fuente original. Es un resumen del pensamiento de Trump acerca del é xito en la vida, y sobre todo acerca de "C ó mo hacerte rico". Me gust ó el tema. Estuve leyendo todas sus obras. Y quiero compartir lo que pude ir aprendiendo.

First he made five billion dollars. Then he made The Apprentice. Now The Donald shows you how to make a fortune, Trump style. HOW TO GET RICH Real estate titan, bestselling author, and TV impresario Donald J. Trump reveals the secrets of his

In *Trump: How To Get Rich*, Trump tells all – about the lessons learned from *The Apprentice*, his real estate empire, his position as head of the 20,000-member Trump Organization, and his most important role, as a father who has successfully taught his children the value of money and hard work. Donald J. Trump is an icon: the very definition of the American success story. The star of *The Apprentice* and developer of some of the planet's most prestigious real estate, he's been on the bottom and risen to become one of the world's wealthiest men. Bill Zanker started *The Learning Annex* with \$5,000 of his own money. After meeting Donald Trump, Zanker learned to Think BIG himself and grew *The Learning Annex* from a \$5 million a year company into one that's generating over \$100 million a year in sales—and still growing. For the first time ever, you too can learn Trump's secrets to thinking BIG and kicking ass! Learn: Momentum: the Big Mo. How to get it and how to get it back. Revenge: how and when to get it (and why it's so sweet). "I love you, now sign this!" Why contracts in business and personal life are so important. Real-life stories from people who've applied the think BIG formula in their own lives.

First he made two billion dollars. Then he made *The Apprentice*. Now The Donald shows you how to make a fortune, Trump style.

This book will teach you how to:

- Achieve wealth and cash flow through real estate
- Find property with real potential
- Show you how to unlock the myths that are holding you back
- Negotiating the deal based on the numbers
- Evaluate property and purchase price
- Increase your income through proven property management tools

Ever since he wrote *The Art of the Deal*, Trump has been the world's most famous negotiator—even though he didn't reveal his actual deal-making secrets. Now, George Ross explains the tactics that took Trump to the top and how you can use those same tactics and strategies in your daily negotiations. A practical, real-world negotiation playbook, this is the ultimate guide for anyone who wants to negotiate like a proven winner.

The first book to show that immigration laws in the US have always been motivated by racial exclusion and the desire to save the idea of a white America. Racist anti-immigration policies, from the border wall to the Muslim ban, have left many Americans wondering: How did we get here? In a sweeping account, Reece Jones reveals that although the US is often mythologized as a nation of immigrants, it has a long history of immigration restrictions that are rooted in the racist fear of the "great replacement" of whites with non-white immigrants. After the arrival of the first slave ship in 1619, the colonies that became the United States were based on the dual foundation of open immigration for whites from Northern Europe and racial exclusion of slaves from Africa, Native Americans, and, eventually, immigrants from other parts of the world. Connecting past to present, Jones uncovers the link between the Chinese Exclusion laws of the 1880s, the "Keep America American" nativism of the 1920s, and the "Build the Wall" chants initiated by former president Trump in 2016. Along the way, we meet a bizarre cast of characters, such as John Tanton, Cordelia Scaife May, and Stephen Miller, who moved fringe ideas about "white genocide" and "race suicide" into mainstream political discourse. Through gripping stories and in-depth analysis, Jones explores the connections between anti-immigration hate groups and the Republican Party, exposing the lasting impacts of white supremacist ideas on United States law.
