This is a detailed step-by-step guide that gradually and painlessly enables couples to enjoy the pleasures of anal sexuality. You will learn the techniques that make the process orgasmic for her. There are videos and illustrations with explanations on what to do and how to take it slow to build trust with her, so she experiences only pleasure. The advice in other resources (books, articles, videos) for anal sex provides minor tips that tell couples to use lots of lube and take it "slow." However, the resources do not explain HOW to go slow; therefore, the ambiguity leads to bad experiences. A detailed explanation on how to go "slow" in a pleasurable manner is especially important when introducing anal sex because if you mess up once, you probably won't get another try! That is the story of many women who have tried it once but won't again because their partners went too fast, and it hurt! This book solves that problem. You will discover precisely how to take it slow in a way that will arouse and pleasure her every step of the way. She will enjoy the arousal process, and have stronger, more pleasurable orgasms while having deeply connected sex! Over the last decade, the content has benefited thousands of couples across 12 countries.
