This book is an illustrated
guide to assistive
technologies and devices
(AT/AD). It chronicles the

use of AT/AD - technology used by individuals with disabilities to perform functions that might otherwise be difficult or impossible. In general, AT can include mobility devices such as walkers and

Download File PDF User Guide Siemens Hearing

wheelchairs, as well as hardware, software, and peripherals that assist people with disabilities in accessing computers or other information technologies.

Advanced AT has coincided with the advent of personal
