Migrate to Intent-Based Networkingand improve network manageability, cost, agility, security, and simplicity With Intent-Based Networking (IBN), you can create networks that capture and automatically activate business intent, assure that your network responds properly, proactively detect and contain security threats, and remedy network issues before users even notice. Intent-Based Networking makes networks far more valuable, but few organizations have the luxury of building them from the ground up. In this book, leading expert Pieter-Jans Nefkens presents a unique four-phase approach to preparing and transforming campus network infrastructures, architectures, and organization/helping you gain maximum value from IBN with minimum disruption and cost. The author reviews the problems IBN is intended to solve, and illuminates its technical, business, and cultural implications. Drawing on his pioneering experience, he makes specific recommendations, identifies pitfalls, and shows how to overcome them. You'll learn how to implement IBN with the Cisco Digital Network Architecture and DNA Center and walk through real-world use cases. In a practical appendix, Nefkens even offers detailed technical configurations to jumpstart your own transformation. Review classic campus network deployments and understand why they need to change Learn how Cisco Digital Network Architecture (DNA) provides a solid foundation for state-of-the-art next generation network infrastructures Understand lintent and how it can be applied to network infrastructure Explore tools for enabling, automating, and assuring Intent-Based Networking within campus networks Transform to Intent-Based Networking using a four-phased approach: Identify challenges; Prepare for Intent; Design and Deploy; and Enable Intent Anticipate how Intent-Based Networking will change your enterprise architecture, IT operations, and business

For years Cameron has hidden behind a façade of normalcy, warned there were those who would do her harm should they uncover the truth...that she is a mind reader. She never imagined her biggest threat would come from the parents she thought dead. Cameron's life changes dramatically when she's abducted by her mother, a woman she hasn't seen in thirteen years. Even more shocking is the truth... Cameron's mother leads a group of rogue mind readers and their number one enemy is Cameron's very own father.Everyone has their own agenda and Cameron is caught in the middle, unsure who to trust. But one thing is clear, war looms on the horizon and in order to save those she loves, Cameron must not only pick sides, but learn to believe in herself and her powers.This book contains kissing and cursing. It is best for ages 14 and up. Books in the Mind Readers Series:Book 1: The Mind ReadersBook 2: The Mind ThievesBook 3: The Mind GamesFinal Novella: The Mind Keepers

1. Chapter-wise presentation for systematic and methodical study 2. Strictly based on the latest CBSE Curriculum and National Curriculum Framework. 3. All Questions from the Latest NCERT Textbook are included. 4. Previous Years' Question Papers from Kendriya Vidhyalaya Sangathan are included. 5. Latest Typologies of Questions developed by Oswaal Editorial Board included. 6. Mind Maps in each chapter for making learning simple. 7. 'Most likely Questions' generated by Oswaal Editorial Board with 100+ years of teaching experience

This complete toolkit of exercises and activities enables managers to design and implement their own assessment and development centres and to evaluate their effectiveness. The tools are laid out in a systematic chain link model and comprehensively cover each stage of the process.

The Sunday Times Top Ten Bestseller [The book that] made headlines around the world.' Independent He has lived his whole life in the public eye, yet he remains an enigma. He was born to be king, but he aims much higher. A landmark publication, Charles: The Heart of a King reveals Prince Charles in all his complexity: the passionate views that mean he will never be as remote and impartial as his mother; the compulsion to make a difference and the many and startling ways in which the heir to the throne of the United Kingdom and fifteen other realms has already made his mark. The book offers fresh and fascinating insights into the first marriage that did so much to define him and an assessment of his relationship with the woman he calls, with unintended accuracy, his 'dearest wife': Camilla. We see Charles as a father and a friend, a serious figure and a joker. Life at court turns out to be full of hidden dangers and unexpected comedy. Poignant, funny and often surprising, the first significant study of the Prince in over a decade reveals a man in sight of happiness yet still driven by anguish and a remarkable belief system, a charitable entrepreneur, activist, agitator and avatar of the Establishment who just as often tilts against it. Based on multiple interviews with his friends and courtiers, palace insiders and critics, and access to Charles himself during research lasting more than a year, this biography explores the Prince's philanthropy and his compulsive interventionism, his faith, his political leanings and the philosophy that means when he seeks harmony he sometimes creates controversy. Gripping, at times astonishing, often laugh-out-loud, this is a royal biography unlike any other.

Althusser and Law is the first book specifically dedicated to the place of law in Louis Althusser's philosophy. The growing importance of Althusser's philosophy in contemporary debates on the left has - for practical and political, as well theoretical reasons - made a sustained consideration of his conception of law more necessary than ever. As a form of what Althusser called [Ideological State Apparatuses], law is at the forefront of political struggles: from the destruction of Labour Law to the exploitation of Patent Law; from the privatisation of Public Law to the ongoing hegemony of Commercial Law; and from the discourse on Human Rights to the practice of judicial courts. Is Althusser still useful in helping us to understand these struggles? Does he have something to teach us about how law is produced, and how it is used and misused? This collection demonstrates that Althusser's ideas about law are more important, and more contemporary, than ever. Indeed, the contributors to Althusser and Law argue that Althusser offers a new and invaluable perspective on the place of law in contemporary life.

Adopting a child is one of the most rewarding, satisfying life experiences a person can have. It is an unconditional commitment of love both ways. This memoir depicts Raj Arneja's story of becoming a mother, the journey that took her 7,000 miles from her home on the west coast of Canada all the way to India in the 1990s to adopt her now fully-grown children. This is not a how-to book on adoption; it is a celebration of motherhood through adoption. Love at First Sight has the potential to change your perspective on adoption or even inspire you to adopt. For Raj Arneja, her children are her own, as if they were of her own flesh and blood. This is the story of how she found them.
