The Student's Book contains twelve units. Each requires eight teaching sessions and is designed to be taught over a two-week period. The key skills of reading, writing, speaking and listening are consistently covered throughout the course and are underpinned by the firm foundation of the grammar syllabus.

Watch a butterfly unfold its wings. What do you notice? Both sides of the insect look the same. They are symmetrical. Come along on a journey with Billy, Chloe, and their Grandpa to discover more about symmetry. You will learn about lines of symmetry, congruent shapes, and rotational symmetry. You'll learn about bilateral and radial symmetry, too. Get ready to explore symmetry in the world around you!

All work covered in the Pupil's Book is reinforced by exercises in the workbook. Designed to be introduced and explained by the teacher and then to be completed independently, either in the classroom or for homework, it allows children to work at their own pace giving teachers the opportunity to see what children can achieve when working alone.

Touching and powerful images of the natural and uninhibited lifestyle lived by Alain Laboile's children in the south of France.
