and capabilities required to ensure that problems do not remain hidden in your organization. It explains how leaders can become effective problem finders, unearthing problems before they destroy an organization. The book explains how leaders can become an anthropologist, going out and observe how employees, customers, and suppliers actually behave. It then goes on to present how they can circumvent the gatekeepers, so they can go directly to the source to see and hear the raw data; hunt for patterns, including refining your individual and collective pattern recognition capability; "connect the dots" among issues that may initially seem unrelated, but in fact, have a great deal in common; give front-line employees training in a communication technique; encourage useful mistakes, including create a "Red Pencil Award"; and watch the game film, where leaders reflect systematically on their own organization's conduct and performance, as well as on the behavior and performance of competitors.

What You Dont Know About Men tells the funny, heartbreaking stories of 20 sometimes shy, sometimes sexy, often sentimental men who march through life as punch-drunk fathers, sons, brothers, uncles, friends and lovers. Michael Burkes debut collection opens with the story of Matthew Connors, a suburban Chicago teen struggling to protect his sister and brother while their parents vacation in the Petrified Forest. The book closes with Brendan and Richard, two grooms in a seemingly uneventful gay wedding on a breezy Lake Michigan shore. In between, we meet: Father Daniel, a cranky Southside priest seeking forgiveness for a long-ago affair; Roy, an ex-Marine battling hallucinations while sprawled on the Belmont Harbor rocks; Patrick Kincaid, a roofer whose boyfriend rides the Red Line subway acting like a young Lauren Bacall; Eddie Doyle, a haunted widower wrestling with his shattered Catholicism while his daughter hides a secret; Bug OConnor, who tries to pass off a brash chorus girl as Patsy Cline; and four buddies who shoot skeet, bet at the dog races and fail to understand the women around them. These provocative, page-turning stories are crisply written with an epic minimalism to depict the triumph, defeat, stalemate and surrender of everyday life.
