There really are answers, good answers, to all of your questions. Inside is reassuring, accurate advice for all preteen and young teen girls (and their parents). Presented in a question and answer format, all of the toughest and most important stuff that's on your mind is right here from body changes, skin and hair care, and menstruation to moods, eating disorders, and sexuality. You'll discover what your body is all about and feel great about it and yourself.

Discusses the changes that take place in a boy's body during puberty, including information on the body's changing size and shape, the growth spurt, reproductive organs, pubic hair, beards, pimples, voice changes, wet dreams, and puberty in girls.

From the #1 New York Times bestselling author of milk and honey and the sun and her flowers comes her greatly anticipated third collection of poetry. rupi kaur constantly embraces growth, and in home body, she walks readers through a reflective and intimate journey visiting the past, the present, and the potential of the self. home body is a collection of raw, honest conversations with oneself - reminding readers to fill up on love, acceptance, community, family, and embrace change. illustrated by the author, themes of nature and nurture, light and dark, rest here. i dive into the well of my body and end up in another world everything i need already exists in me there ' s no need to look anywhere else - home

Tom notices that his body is changing. Tom's voice is different and hair is growing in new places. There are other changes happening too. Tom learns that he has started growing into a man. Following Tom as he begins to notice changes to his body, this simple resource helps parents and carers teach boys with autism or other special needs about puberty. It covers all the changes that they will experience, both emotional such as new feelings and physical such as wet dreams. This fully illustrated positive and entertaining book provides the perfect opportunity to talk about puberty with boys and young men with autism or special needs.

For more than twenty years, the internationally bestselling team behind Where Did I Come From? has helped millions of parents and children talk about the facts of life in a straightforward yet lighthearted way that is respectful of young people ' s natural intelligence. Warmly and relatably illustrated throughout, What ' s Happening to Me? creates a safe space where families can talk about the physical and emotional changes that happen during puberty and adolescence, answering the questions that kids ask most often. Why is my chest getting bumpy? What's a wet dream? What's a period? Why is my voice acting so funny? Why do I get pimples? What's an erection? Why am I getting hairy? Why is mine not like his? This book answers the big questions, and explains the big changes. One look at the illustrations will tell you that this is not a dull medical textbook but rather it presents the facts of puberty, and it presents them with honesty, sympathy and a sense of humor. If you ' ve been wondering how to have this talk with your children, look no further for a trusted resource that will give you the tools you need to share this critical information sensitively and factually. " You can't deny Mayle's talent for translating adult experience into child-level concepts. " —Kirkus Reviews
