paper containing a mysterious Arabic phrase. Overhead, warplanes pass ominously north. Meanwhile, Holmes is pulled by two old friends and a distant relation into the growing war between France, Spain, and the Rif Revolt led by Emir Abd el-Krim—who may be a Robin Hood or a power mad tribesman. The shadows of war are drawing over the ancient city of Fez, and Holmes badly wants the wisdom and courage of his wife, whom he's learned, to his horror, has gone missing. As Holmes searches for her, and Russell searches for herself, each tries to crack deadly parallel puzzles before it's too late for them, for Africa, and for the peace of Europe. With the dazzling mix of period detail and contemporary pace that is her hallmark, Laurie R. King continues the stunningly suspenseful series that Lee Child called "the most sustained feat of imagination in mystery fiction today." **BONUS:** This edition includes an excerpt

Then there are more deaths. The bodies of rich, white men are found in circumstances similar to those that set the streets of London awash with fear during the late 1800s: the Whitechapel murders. Even with their abilities to see the supernatural, accepting that Jack the Ripper is back from the dead is a tough ask for Quill's team. As they try to get to grips with their abilities and a case that's spiralling out of control, Quill realizes that they have to understand more about this shadowy London, a world of underground meetings, bizarre and fantastical auctions, and objects that are 'get out of hell free' cards. But the team's unlikely guide, a bestselling author, can't offer them much insight – and their other option, the Rat King, speaks only in riddles.
