Each book also includes an author's introduction letter, a glossary, and an index.

The Civil War is a much plumbed area of scholarship, so much so that at times it seems there is no further work to be done in the field. However, the experience of children and youth during that tumultuous time remains a relatively unexplored facet of the conflict.Children and Youth during the Civil War Era seeks a deeper investigation into the historical record by and giving voice and context to their struggles and victories during this critical period in American history. Prominent historians and rising scholars explore issues important to both the Civil War era and to the history of children and youth, including the experience of orphans, drummer boys, and young soldiers on the front lines, and even the impact of the war on the games children played in this collection. Each essay places the history of children and youth in the context of the sectional conflict, while in turn shedding new light on the sectional conflict by viewing it through the lens of children and youth. A much needed, multi-faceted historical account,Children and Youth during the Civil War Era touches on some of the most important historiographical issues with which historians of children and youth and of the Civil War home front have grappled over the last few years.

In her earlier works, Helen Keller described the details of the early illness that left her deaf and blind, and in the prevailing opinion of the day, unable to be educated, as well as the methods that were eventually used to teach her how to communicate. In the remarkable memoir The World I Live In, Keller offers a much more personal take on her situation, inviting readers inside her own personal experience.

"The story of Helen Keller, who learned to read and write despite being deaf and blind, and became an activist who fought for the rights of disabled people"--

As a baby, Helen Keller lost her hearing and sight to a rare illness. For five years, the world around her was a mystery. Then one day, her teacher taught Helen a single name, and her world started to grow. She went on to graduate from college, write books, and travel the country, speaking out for people with disabilities. Helen Keller's world never stopped growing. And her story is a reminder that behind every name is something precious, waiting to be discovered.
