~~Ys The Art Book~~

The art and the images contained in the book itself are actually pretty nice, it's just a disappointment that the quality of the paper they used is so poor, and the price they're asking for the length of the book itself is a bit much in my opinion. Would advise only to avid collectors of the show, art book enthusiasts will be disappointed.

Celebrating over 25 years of Ys, the flagship series of Japanese RPG publisher Nihon Falcom! Ys: The Art Book collects the fantastic artwork of more than a dozen titles in the Ys franchise, from the original game all the way up to the brand-new Ys: Memories of Celceta. Includes pinups, character designs, rare concept art, and more!

An Atlantis-like city from Celtic legend is the setting of *The Daughters of Ys*, a mythical graphic novel fantasy from National Book Award winner M. T. Anderson and artist Jo Rioux. Ys, city of wealth and wonder, has a history of dark secrets. Queen Malgven used magic to raise the great walls that keep Ys safe from the tumultuous sea. But after the queen's inexplicable death, her daughters drift apart. Rozenn, the heir to the throne, spends her time on the moors communing with wild animals, while Dahut, the youngest, enjoys the splendors of royal life and is eager to take part in palace intrigue. When Rozenn and Dahut's bond is irrevocably changed, the fate of Ys is sealed, exposing the monsters that lurk in plain view. M. T. Anderson and Jo Rioux reimagine this classic Breton folktale of love, loss, and rebirth, revealing the secrets that lie beneath the surface.

Follow Ellie's profound and harrowing journey of vengeance through an exhaustive collection of original art and intimate creator commentary in the full-color hardcover volume: *The Art of The Last of Us Part II*. Created in collaboration between Dark Horse Books and the developers at Naughty Dog, *The Art of The Last of Us Part II* offers extensive insights into the making of the long-awaited sequel to the award-winning *The Last of Us*.

Epic history of America's 50th state in 43 ready-to-color illustrations. Color traditional god, hula dancers, a warrior, plants and animals, more. Fact-filled, informative captions.

This ready-to-color collection of 30 full-page designs depicts popular motifs in the best Japanese artistic tradition — from highly stylized creatures of the sea and air to lush blossoms and sinister dragons. A delight for colorists of all ages, a versatile source of inspiration and royalty-free art for designers, artists, and craftworkers.

Mission India: A Vision For Indian Youth has been written with the intention of challenging the Indian youth to bring about a positive change in the country by 2020. Kalam starts off by telling the readers that there has never been a time in Indian history such as this, where

the nation has 540 million youth and 20 million Indians across the globe. He also states that several developed countries have directed their efforts towards setting up research centers across the country, which has benefited scientists, engineers, and professionals from various spheres. Kalam and Rajan tell the readers about their goal to make India one among the five top economic powers in the world by 2020. In the beginning of this book, Kalam presents the readers with a question as to whether India can become a developed country. He then provides insights into the current situation in the country, and explains that this goal is a realistic one. In the subsequent chapters, Kalam and Rajan begin to examine the five industries that need to become reasonably self-sufficient in the coming years, and each chapter tells the readers what can be done to bring a positive change in each industry. They also tell the readers about the current education system in the country, and the latest technology that can be used to improve the quality of education. The readers are also given insights into the present healthcare industry and infrastructural system, which are trademarks of a developed nation. Kalam and Rajan conclude by telling every individual and organization about the role they can play in transforming the nation by 2020

Intriguing coloring chronicles history of Polynesian people in 44 carefully researched and meticulously rendered illustrations. Includes images of Polynesian sailing vessels, a fortified village, a Maori meeting house, symbols of royalty, hunters and ceremonial dancers, islanders weaving baskets, practicing the art of tattooing, mourning the dead, and much more. Captions.

Paragon Books is pleased to present NSFW, an art book featuring over 40 female and femme identifying artists exploring sex and sexuality. This dynamic group displays a complex spectrum of experiences from the feminine perspective. Working in a variety of media including painting, embroidery, neon and beyond, each artist presents their unique interpretation of sexuality. Celebrating the concurrent, opposing forces of femininity, the work celebrates the female experience by highlighting the presence of soft sensuality with powerful and brash frankness. Each piece delves into the complexity of female sexuality, not as a definitive narrative, but as a larger conversation. Giving voice to artists across the spectrum of gender identity, sexual orientation, nationality, racial background and experiences, the exhibition explores how each artist relates to their own sexuality.

A vision for building a society that looks beyond money and toward maximizing the values that make life worth living, from the cofounder of Kickstarter. Western society is trapped by three assumptions: 1) That the point of life is to maximize your self-interest and wealth, 2) That we're individuals trapped in an adversarial world, and 3) That this is natural and inevitable. These ideas separate us, keep us

powerless, and limit our imagination for the future. It's time we replace them with something new. This Could Be Our Future is about how we got here, and how we change course. While the pursuit of wealth has produced innovation and prosperity, it also established an implicit belief that the right choice in every decision is whichever option makes the most money. The answer isn't to get rid of money; it's to expand our concept of value. By assigning rational value to other values besides money--things like community, purpose, and sustainability--we can refocus our energies to build a society that's generous, fair, and ready for the future. By recalibrating our definition of value, a world of scarcity can become a world of abundance. Hopeful but firmly grounded, full of concrete solutions and bursting with creativity, This Could Be Our Future brilliantly dissects the world we live in and shows us a road map to the world we are capable of making.
